The Ford Boss Mustang
is the most iconic pony
car ever created, and this
book covers it more
extensively than any
other. Boss Mustang: 50

complete history of its

creation; racing and street histories of both the 302 and 429 models; and photos and interviews with Boss Mustang designers, engineers, racers, and more. Of all the legendary names in the history of the Ford Mustang, one stands apart: Boss. Originally created to homologate the new Boss 302 engine

and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. This book features never-before-seen production and racing photography, interviews with designers and engineers, and keen insight from author Donald Farr, a renowned

hall-of-fame inductee.

Designed by the
legendary Larry Shinoda,
the Boss cars were easily
distinguished from their
less potent stablemates by
their race-bred
powerplant, standard
front spoiler, and bold
graphics. In 2012, Ford at
long last revived this
most revered of all
Mustang models. With a

new racing counterpart
and a modern street
version that delivers
more than 440

horsepower, the Boss was
truly back! In 2013, Ford
rolled out the Boss one
more time. In *Boss
Mustang: 50 Years*,
Mustang historian
Donald Farr offers a
complete history of the
car—from its late 1960s
origins in Ford's

boardrooms through its Trans-Am successes and untimely demise in 1970, up to the conception and development of the spectacular, limited-edition 2012 and 2013 Boss Mustangs. Packed with brilliant photography and firsthand accounts from the people who created the original Boss, as well as the team that
