Founded in 1908 with a patent on the industry's very first keyless drill chuck, Albrecht has continued a tradition of unmatched quality and innovation. Royal's 25-year partnership with Albrecht brings this technology to North America. We stock thousands of chucks in a wide variety of models and sizes, ready for immediate shipment:

Albrecht Drill Chucks - Royal Products

For the past 100 years, Albrecht's line of precision drill chucks has consistently earned the highest praise for outstanding quality and accuracy. At the Albrecht factory, located outside of Stuttgart, Germany, in-process air gages and custom test fixtures are used to inspect all components throughout each step of the manufacturing process.

ALBRECHT PRECISION KEYLESS DRILL CHUCKS - Royal Products

Royal offers two Albrecht drill chuck models designed specifically for CNC machining centers: The more torque that is applied to the chuck, the tighter it grips! All Albrecht Precision Drill Chucks, except for the Key-Lock models, incorporate a unique self-tightening feature that causes them to grip drills tighter as more torque is applied.

albrecht chuck products for sale | eBay

Albrecht Präzision GmbH & Co. KG located in Wernau has developed this efficient solution for diameters of 16 to 25 millimetres. Albrecht has developed the new high-performance chuck especially for volume cutting and machining difficult-to-machine materials. These include components for the aircraft industry.

Ultra-Precision-Chuck - Albrecht Precision

All Albrecht Drill Chucks, except for the Key-Lock model, incorporate a unique self- tightening feature which causes them to grip drills tighter as more torque is applied, clockwise only. Even when high torque is applied, the chucks can still be easily opened by hand. Key-type chucks do not get tighter with increasing torque.
