In *Alone Together*, MIT technology and society professor Sherry Turkle explores the power of our new tools and toys to dramatically alter our social lives. It's a nuanced exploration of what we are looking for - and sacrificing - in a world of electronic companions and social-networking tools, and an argument that, despite the hand-waving of today's self-described prophets of the future, it will be the next generation who will chart the path between isolation and connectivity.

'Alone Together' by Sherry Turkle - Review - The New York

...

"Networked, we are together, but so lessened are our expectations of each other that we can feel utterly alone. And there is the risk that we come to see others as objects to be accessed--and only for the parts we find useful, comforting, or amusing." (154) "Today, our machine dream is to be never alone but always in control.
