J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, *The First Americans* is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, "The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science."

The American Journey: Building a Nation is co-authored by the National Geographic Society and offers a unique blend of scholarship and compelling imagery. The hands-on learning approach used throughout the program helps students see the relevance of history as they discover the context and connections between historical events. The program offers in-depth coverage of America's past to 1914. A visual epilogue then brings students up to date.
