Ashes in My Mouth, Sand in My Shoes is a teeny-tiny collection of short stories about a Norwegian boy named Arvid Jansen coming of age in the 1960s. The prose is spare and serious, much like Arvid himself, and it

meanders through his memories of his grandfather's death, the night terrors and bedwetting that haunt him into his pre-adolescence, and the quiet, desperate horror of the Cold War.

A masterful new novel from Per Petterson, who "provides one of

literature's greatest gifts . . . a welcome refuge from our cacophonous world" (NPR) Per Petterson's hotly anticipated new novel, *I Refuse*, is the work of an internationally acclaimed novelist at the height of his powers. In Norway the book has been a huge bestseller,

and rights have already been sold into sixteen countries. In his signature spare style, Petterson weaves a tale of two men whose accidental meeting one morning recalls their boyhood thirty-five years ago. Back then, Tommy was separated from his sisters after he stood up to their abusive

father. Jim was by Tommy's side through it all. But one winter night, a chance event on a frozen lake forever changed the balance of their friendship. Now Jim fishes alone on a bridge as Tommy drives by in a new Mercedes, and it's clear their fortunes have reversed. Over the course of the

is in this brutal world, inspired by ancient Rome, that Laia lives with her grandparents and older brother. The family ekes out an existence in the Empire's impoverished backstreets. They do not challenge the Empire. They've seen what happens to those who do. But when Laia's brother is

In exchange for help from rebels who promise to rescue her brother, she will risk her life to spy for them from within the Empire's greatest military academy. The brilliant first novel in the Encircling Trilogy, a searing psychological portrait of a man by his friends David

has lost his memory. When a newspaper ad asks his friends and family to share their memories of him, three respond: Jon, his closest friend; Silje, his teenage girlfriend; and Arvid, his estranged stepfather. Their letters reveal David's early life in the small town of Namsos, full of teenage

rebellion, the uncertainties of first love, and intense experiments in art and music. As the narrative circles ever closer to David, the letters interweave with scenes from the present day, and it becomes less and less clear what to believe. Jon's and Silje's adult lives have run aground on thwarted

ambition and failed intimacy, and Arvid has had a lonely struggle with cancer. Each has suspect motives for writing, and soon a contradictory picture of David emerges. Whose remembrance of him is right? Or do they all hold some fragment of the truth? Carl Frode Tiller's masterful opening novel

to the Encircling Trilogy won the European Prize for Literature, the English PEN Award, and the Hunger Prize. Encircling, with David as its brooding central enigma, confronts the relativity of memory in an audacious and daring novel that reveals the shape of a life and leaves us wanting

A sweeping novel of World War II, set in the Ardennes, from the acclaimed author of *Child Wonder* *The Ardennes*, a forested, mountainous borderland that spans France, Germany, Belgium, and Luxembourg, was crucial to
