The All-Write Winsome Collection of Short Stories features "The Abduction of Amy Sellers," in which a young woman hires her body out as a surrogate mother to a wealthy middle-aged American couple who are childless. She miscarries but keeps up the pretence that she is still pregnant. When the time arrives for her to give birth, she goes to one of the biggest hospitals in the country and abducts a baby girl, with dire consequences. In another story, a chance meeting by an unemployed teenage boy and a young mother with small children turns his life around. There are just over one hundred short stories, very diverse in content. Some are exciting, some uplifting, and some are written from an animal's point of view, which can be most amusing. All in all, the All-Write collection is totally entertaining!
