Drawing (just like photography) is one of

Read PDF Basic Engineering

the basic forms of visual communication.

Drawing is used to record objects and actions of everyday life in an easily recognizable manner. There are two major types of drawings: artistic drawings and technical drawings.

graphics, is the graphical representation of shape of any physical object which may be a part of a machine, a building, a dam, or any other complicated structure.

The shape of some simple objects like spheres, cubes, cylinders, etc., may be described in words and sentences but ordinary language fails for complicated objects.
