Describes the philosophy of the Daily 5 teaching structure and includes a collection of literacy tasks for students to complete daily.

In *Reading in the Wild*, reading expert Donalyn Miller continues the conversation that began in her bestselling book, *The Book Whisperer*. While *The Book Whisperer* revealed the secrets of getting students to love reading, *Reading in the Wild*, written with reading teacher Susan Kelley, describes how to truly instill lifelong "wild" reading habits in our students. Based, in part, on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of "wild" reading. "When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management techniques will enhance and improve existing classroom systems and structures." --Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant, and author of *Do I Really Have to Teach Reading?* "With *Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands." --Franki Sibberson, third-grade teacher, Dublin City Schools, Dublin, Ohio, and author of *Beyond Leveled Books* "Reading in the Wild, along with the now legendary *The Book Whisperer*, constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education." --Stephen Krashen, professor emeritus, University of Southern California

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning. In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Reading and writing activities for practicing those skills.

Over 3 million copies sold. Over 800 positive reviews. Adapted from the New York Times bestseller *The 7 Habits of Highly Effective People*, *The 7 Habits of Highly Effective Teens* is the ultimate teenage success guide--now updated for the digital age. Imagine you had a roadmap--a step-by-step guide to help you get from where you are now, to where you want to be in the future. Your goals, your dreams, your plans...they're all within reach. You just need the tools to help you get there. That's what Sean Covey's landmark book, *The 7 Habits of Highly Effective Teens*, has been to millions of teens: a handbook to self-esteem and success. Now updated for the digital age, this classic book applies the timeless principles of *7 Habits* to the tough issues and life-changing decisions teens face. Covey provides a simple approach to help teens improve self-image, build friendships, resist peer pressure, achieve their goals, and appreciate their parents, as well as tackle the new challenges of our time, like cyberbullying and social media. In addition, this book is stuffed with cartoons, clever ideas, great quotes, and incredible stories about real teens from all over the world. Endorsed by high-achievers such as former 49ers quarterback Steve Young and 28-time Olympic medalist Michael Phelps, *The 7 Habits of Highly Effective Teens* has become the last word on surviving and thriving as a teen.

Help students master essential math skills with the motivating, classroom-tested Math Minutes format featured in this new book. It provides 100 Minutes of 10 problems each for students to complete within a one- to two-minute period. Providing daily practice in every key area of math instruction, *Math Minutes* is a fun way to improve students problem-solving speed (crucial for testing situations) and an instant assessment tool.

Seven key principles from Finland for building a culture of trust in schools around the world. In the spring of 2018, thousands of teachers across the United States--in states like Oklahoma, Kentucky, and Arizona--walked off their jobs while calling for higher wages and better working conditions. Ultimately, these American educators trumpeted a simple request: treat us like professionals. Teachers in many other countries feel the same way as their US counterparts. In *Teachers We Trust* presents a compelling vision, offering practical ideas for educators and school leaders wishing to develop

teacher-powered education systems. It reveals why teachers in Finland hold high status, and shows what the country's trust-based school system looks like in action. Pasi Sahlberg and Timothy D. Walker suggest seven key principles for building a culture of trust in schools, from offering clinical training for future teachers to encouraging student agency to fostering a collaborative professionalism among educators. In *Teachers We Trust* is essential reading for all teachers, administrators, and parents who entrust their children to American schools.

Describes a teaching technique which uses one sentence per lesson of a funny story to help students in all grade levels improve grammar
