This fun-to-read, easy-to-use reference has been completely updated, expanded, and revised with reviews of over 12,000 great albums by over 2,000 artists and groups in all rock genres. 50 charts.

Do you think the twelve apostles include Sneezzy, Sleepy, and Dopey? Genesis is an English rock band? Bread and wine is the first course? You need Christianity for Blockheads—the user-friendly guide to making this mysterious faith called Christianity easier to understand. In witty Blockheads tradition, this latest book in the series unites a fun, clear, easy-reading style with a thorough introduction and exploration into Christian theology. Covering all the must-know teachings of the Christian faith and tying each one to key Bible passages, the concise, catchy, jargon-free style will appeal to a broad range of readers. You don't have to be a theologian to navigate the territory of Christian belief, but it helps to have a map. Here it is. Both Christians and curious non-Christians looking for clear and reliable explanations of the Christian faith will find them inside. Christianity for Blockheads helps you: • Make sense of key Bible passages • Discover what well-known scholars say about the main tenets of Christianity • Learn interesting facts and insights on particular biblical themes • Familiarize yourself with the Christian perspective on hot issues such as the end times, baptism, and speaking in tongues • Dig deeper into resources for further study • Walk the walk by demonstrating how the Christian message applies to contemporary living

Arranged in sixteen musical categories, provides entries for twenty thousand releases from four thousand artists, and includes a history of each musical genre.

Sometimes all we have is the courage of our convictions. But not all convictions are created equal. In fact, some are downright delusional. And once a foolish notion sinks its teeth into the famous or the powerful, look out—the impact can have profound consequences for the rest of us. So it's nothing short of gratifying when our most bullheaded and self-righteous leading lights insist on getting their way only to be proven egregiously embarrassingly wrong. From politicians to pontiffs, movie stars to moguls, and artists to inventors, Certitude presents short biographical sketches of notoriously stubborn individuals who were certain they were right—with laughable, disturbing, and often disastrous results. Earning a place among the greatest historical and contemporary bullheads are: •Girolamo Savonarola, the Dominican friar who failed to place his own vanities on the bonfire. •Carry A. Nation, the saloon smasher who didn't have a temperate bone in her teetotaling body. •Arthur Conan Doyle, author of the Sherlock Holmes series, who lacked the deductive reasoning he bestowed on his own creation. •Joseph Stalin, the hard-line Soviet leader who had a soft spot after all. •Madonna, the queen of pop, who isn't just a material girl: She's embraced Kabbalah and the doctrine of reincarnation—in other words, she'll be back! Informative, irreverent, and brilliantly illustrated by the caricaturist Edward Sorel, Certitude is a book for our time.

Compiles career biographies of over 1,200 artists and rock music reviews written by fans covering every phase of rock from R&B through punk and rap

Compiles career biographies of over 1,200 artists and rock music reviews written by fans covering every phase of rock from R&B through punk and rap.

Provides over 10,000 current prices for soundtrack and original cast recordings. This guide is very comprehensive for US issues, but also includes selected Canadian and overseas releases.

"An idiosyncratic review of the most exciting modern music--new wave to no wave, hardcore to hip-hop."--Jacket.
