Art

Black artists have been making major contributions to the British art scene for decades, since at least the mid-twentieth century. Sometimes these artists were regarded and embraced as practitioners of note. At other times they faced challenges of

Read Free British History

visibility - and in response they collaborated and made their own exhibitions and gallery spaces. In this book, Eddie Chambers tells the story of these artists from the 1950s onwards, including recent developments and successes. *Black Artists in British Art* makes a major contribution to

Seen Through
Art

The First World War is usually believed to have had a catastrophic effect on British art, killing artists and movements, and creating a mood of belligerent philistinism around the nation. In this book, however, James Fox paints a very different picture of artistic life in wartime

Read Free British History

Britain. Drawing on a wide range of sources, he examines the cultural activities of largely forgotten individuals and institutions, as well as the press and the government, in order to shed new light on art's unusual role in a nation at war. He argues that the conflict's artistic consequences, though initially disruptive, were

Read Free British History Ultimately and

enduringly productive.

He reveals how the war effort helped forge a much closer relationship between the British public and their art - a relationship that informed the country's cultural agenda well into the 1920s.
