Business Communication: Process and Product, 4th edition, provides students with quality content in a clear, accessible manner. This book is a dependable resource that supplements the classroom experience. It offers a classroom-tested interactive teaching and learning system that provides students with skills needed for success in the digital workplace.

Business Communication Interactive Text: Process and Product, 4e takes users through a well-developed, consistently applied process approach to communication that is combined with integrated, hands-on application of current and emerging business technologies. Readers learn a process for solving future communication problems, and how to use Internet and electronic media to deliver their message, resulting in a tangible communication strategy they can use throughout their careers. Interactive Text combines the original textbook with rich multimedia, real-time updates, exercises, self-assessment tests, note-taking tools, and much more. This combination of print and online material provides users with active learning tools and tutorials, and helps instructors shorten preparation time and improve instruction. The Interactive Text offers a complete technology teaching solution that integrates all of the media together in one seamless package - no "assembly" is required. Business Communication Interactive Text consists of two components: a Print Companion and an Online Companion, seamlessly integrated to provide an easy-to-use teaching and learning experience. The Print Companion is a paperback textbook that includes the core content from the original textbook. All time-sensitive pedagogical features and materials at the end of chapters have been moved from the printed textbook to the Online Companion. The Online Companion provides a dedicated Web site featuring all of the core content from the Print Companion combined with integrated, interactive learning resources, self-assessment tests, note-taking features, and basic course-management tools that enable instructors to create and manage a syllabus, track learner self-assessment scores, broadcast notes to learners, and send electronic messages to learners.

Covering business communication skills, this text includes a grammar check, writing improvement exercises and cases which break down the writing process into simple components. E-mail, Web research, team and critical thinking exercises have also been added to this edition.

By combining research sources with an annotated bibliography this reference title

locates the sources that offer practical solutions to business and technical communication problems.
