Adam Tooze: American Power in the Long 20th

Century Cartography In Central And Eastern

The region of Central and Eastern Europe has

a rich and long history in cart- raphy. Many

important improvements in mapping and

cartography have been proposed and performed

by cartographers and researchers of that

region. The long and outstanding history has

led to a lively and vivid presence. Now

contemporary methods for depicting the earth

and its cultural and natural attributes are

used.
