Including titles in fiction, poetry, drama, and essays, David Madden's Pocketfuls series are slim volumes including only the essentials of the most familiar and most often taught works in each genre. Priced to be affordably packaged with two or even three other volumes, each book in the Pocketful series can also be used separately.

Including titles in fiction, poetry, drama, and essays, David Madden's Pocketfuls series are slim volumes including only the essentials of the most familiar and most often taught works in each genre. Priced to be affordably packaged with two or even three other volumes, each book in the Pocketful series can also be used separately. This volume of essays is arranged.

Including titles in fiction, poetry, drama, and essays, David Madden's Pocketfuls series are slim volumes including only the essentials of the most familiar and most often taught works in each genre. Priced to be affordably packaged with two or even three other volumes, each book in the Pocketful series can also be used separately.

Provides clear and concise explanations of English grammar, including a review of common grammatical and stylistic errors, a list of commonly misspelled words, and guidelines for punctuation and capitalization.

A new addition to David Madden's POCKETFUL series (including titles in fiction, poetry, drama, and the essay), this slim volume includes over 100 of the most familiar and most taught poems, arranged alphabetically. Priced to be affordably packaged with two or even three other volumes, each book in the POCKETFUL series can also be used separately. This text will range from classic, traditional poems mixed with contemporary poets such as Pinsky, Erdich, and Justice. Two annotated poems in the beginning of the book, one by Robert Frost and one a response by Madden, cover the major elements of poetry, giving examples of how to annotate a poem and what to look for in reading a poem. This text is intended to be an inexpensive alternative to the more expensive anthologies.

A new addition to David Madden's POCKETFUL series (including titles in fiction, poetry, drama, and the essay), this chronologically arranged anthology contains a number of classic longer plays as well as four one-act plays, included to create a mini one-act anthology, spanning a range of time. Because one-act plays are shorter, they are easier to teach in a shorter time period, making this a real benefit for this anthology. Rather than annotations, the author has included a question set specific to one-act plays to be used as guidance throughout reading. The plays will be accompanied by critical source material that will help students understand the playwright and/or play. This source material will include the playwright's notes and/or a review of a specific production of the play. Priced to be affordably packaged with two or even three other volumes, each book in the POCKETFUL series can also be used separately.

An Indian writer gives her version of the romance which Mircea Eliade, the Romanian writer, described in his novel, Bengal Nights. "Why did you not tell the truth, Mircea?" she asks, not at all pleased that he portrayed her as an Oriental vamp.

The stock market has been a cornerstone of the investor's passive wealth-building program for over a century and continues in this role. This decade has been one huge roller coaster ride for stock investors. Fortunes have been made and lost. With all the media attention, all the talking heads on radio and television, and the books with titles like Dow at 36,000, the investing public still didn't avoid losing trillions in a historic stock market debacle. Sadly, even the so-called experts who understand stocks didn't see the economic and geopolitical forces that acted like a tsunami on the market. With just a little more knowledge and a few wealth-preserving techniques, more investors could have held onto their hard-earned stock market fortunes. Cheer up, though: This book gives you an early warning on those megatrends and events that will affect your stock portfolio. While other books may tell you about stocks, this book tells you about stocks and what affects them. This book is designed to give you a realistic approach to making money in stocks..... Stock Investing For Dummies, 3rd Edition, is also quite different from the "get rich with stocks" titles that have crammed the bookshelves in recent years. It doesn't take a standard approach to the topic; it doesn't assume that stocks are a sure thing and the be-all, end-all of wealth building. In fact, at times in this book, I tell you not to invest in stocks. This book can help you succeed not only in up markets but also in down markets. Bull markets and bear markets come and go, but the informed investor can keep making money no matter what. To give you an extra edge, I've tried to include information about the investing environment for stocks. Whether it's politics or hurricanes (or both), you need to know how the big picture affects your stock investment decisions.

Including titles in fiction, poetry, drama, and essays, David Madden's Pocketfuls series are slim volumes including only the essentials of the most familiar and most often taught works in each genre.
