These classic teddy bears breathe fresh life into well-loved rhymes. Humorous, sophisticated photographs and candy-box colored backgrounds give this extra-generous, oversized board book a classic appeal for teddy bear lovers of all ages.

Invites readers to follow and move along with the song as they clap their hands, stomp their feet, and blink their eyes.

A collection of new songs to be sung to well known nursery melodies. Four sections cover action songs, songs for exploring sounds, listening songs, and songs for making patterns. Suggested level: junior.

A little girl and various animals sing their own versions of this popular rhyme.

This book is about music education in the elementary school. Its major purpose is to develop an understanding of why music education is important, how music education works, and how music can be a powerful force for the classroom teacher. It has realistic expectations for

the classroom teacher. Music theory and performance skill are kept to a minimum; they are not a prerequisite for understanding the content of the book. A major emphasis of the text is that classroom teachers can utilize music to enhance the overall learning environment of their classrooms. Suggestions, class descriptions, and lesson plans are given for using music for routine activities, whole language, integrating music into language arts and social studies, and using music to develop the cultural literacy of students. The second edition includes contemporary thought on the philosophical rationales for music education, results of recent research in music education, and an expanded Chapter 5 on Music to Enhance the Learning Environment. Chapter 5 includes new greeting songs, a section on using music to teach topics and concepts throughout the elementary curriculum, and more suggestions for music and language arts. New songs are also included in the folk song appendix.
