Clarion MW1 Wired marine remote control at Crutchfield

I just installed the M309 on my boat. There is no way to "direct wire" the sub unless you want to use it as a front or rear channel. What I am doing is installing a JL Audio 700/5 to drive the 4 JL Audio 6.5's & one JL Audio 10" sub. This should provide all the power I need for the cockpit. I also picked up a JL Audio 600/6 amp.
