Tuiga, Mariquita, Cambria, Shamrock, Eleonora, Zaca, Moonbeam, Lulworth, Sunshine, Partridge, Altair, Nan, Marilee, and Bona Fide: these are the majestic sailing yachts of legend presented in this lavishly illustrated volume. Featuring dazzling photographs by the renowned yachtsman and photojournalist Gilles Martin-Raget, this stunning tribute captures the original splendor of these fourteen recently restored boats. Readers feel as though they are traversing the globe with the crew as great action photography depicts the palpable excitement on board. From Buzzards Bay, Massachusetts to the Great Barrier Reef, Martin-Raget's striking scenes range from leisurely cruises past the villages of St. Tropez to close encounters between racing yachts during international regattas. Below deck, his images of the boats' impressive interiors offer a peak at the luxury accommodations. Complimenting the photographs, detailed architectural drawings reveal the structures of these fabled vessels. In this unprecedented documentation of these boats' storied past and recent transformations, author Francois Chevalier recounts each yacht's compelling, and often eccentric, history, from construction and restoration to anecdotal tales of regattas won and lost. In addition to covering racing records and sailing itineraries, there are also tales about such celebrities as Grace Kelly aboard Moonbeam on her honeymoon and Zaca's forays as a marine biology research vessel. Those interested in boat restoration will find the step-by-step details of each yacht's renovation highly informative. A glossary of sailing terms rounds out the coverage. Des Townson was a yacht designer and boatbuilder who possessed an analytical mind, an innate feel for sailing boats and a wonderful eye for their visual balance. During a five decade long design career he produced some of the most eye-catching, easily handled and well performing maritime craft to ever grace New Zealand waters. The fact he was self-taught and worked almost his entire career alone only intensifies the achievements of this remarkable man. His own recollections and those of his family, close friends and associates combined with photos, boat plans and press reports, ensure a detailed record of his impact on the New Zealand sailing scene is preserved. Des Townson's legacy continues to this day through the thousands of yachts still bearing his name.

Photographer Jay Fleming turned his attention to Smith and Tangier Islands - the Chesapeake Bay's last inhabited 'water-locked' islands. Fleming has made countless trips to the islands to document the unique way of life and environment that have been shaped by isolation and the waters of the Chesapeake. This collection of photographs will fill the pages of Fleming's second book, *Island Life*. This body work comes at an important time for the islands, as their populations continue to decline and the unrelenting forces of the bay threaten the working waterfronts that have sustained the communities for centuries. Fleming hopes that his photography will immerse readers in the *Island Life* and capture a crucial moment in time for the Chesapeake's most unique communities.
