marriage and quickly learns that her girlhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation, ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.

The third Tracy Quan novel: a mischievous romp set in Provence. Another sizzling story from Mischief Books.

This is the frank, harrowing, and true story of one young woman's descent into addiction and prostitution, and the long arduous struggle to reclaim her life. A shy, bookish college graduate, a nice girl from a solid middle-class home but uncertain of her way in life, Kate Holden tried her first hit of heroin as a one-time experiment—an adventure with friends—but the drug took over. Hooked, she lost her job and her apartment, and she stole from her family. Desperation drove her onto the streets, where she became "Lucy," offering her body for cash to the first car to stop, risking arrest and, worse, the human predators—anything for her next fix. With her name on the police blotter, she eventually left the streets and offered her services to a high-class brothel. There she discovered hidden strengths, as well as parts of herself that frightened her. Throughout, however hurt and dismayed, her family never abandoned her, and their acceptance and unyielding love helped her defeat the drug and leave her netherworld behind. In taut, devastating prose, Kate Holden recounts her journey with an emotional honesty and genuineness that will leave no reader untouched.

"Randa, what's wrong with you?" "Nothing. I mean, I'm a crazy cocaine addict with a hankering for heroin, but other than that, I'm just a nice Jewish girl from the Upper East Side with Prada shoes. How could anything be wrong?" Molly Jong-Fast's *Normal Girl* is striking-and as funny as it is real. Inspired by her own experiences growing up in the decadent, fast-paced netherworld of New York City's jet set, Jong-Fast's debut novel is a hilarious, hard-edged walk past the velvet rope. At just nineteen, Miranda Woke seems to have it all. Her parents are famous socialites, she's already been written up on *Page Six* sixteen times, she's on all the right invitation lists, and drugs and alcohol are never in short supply. But while her image screams "It girl," she'd rather be a normal girl, and the A-list feels even more uncomfortable than her Manolo Blahnik shoes. In fact, she's become the "living embodiment of an awkward phase" with "more issues than Harper's Bazaar." Neither Xanax nor Deepak Chopra tapes help. And now that her junkie party has trashed her parents' house, she has to liquidate her trust fund to pay Mom's decorator for a quick fix. But worst of all, Miranda thinks she just murdered her own boyfriend. In an all-too-glamorous world where the cell phone is always ringing, Miranda sees no escape other than a downward spiral

of cocaine, Valium, and heroin. It takes friends who offer more than air kisses to force Miranda to look in the mirror and get some help.
