and amateurs begin shooting their own short films and videos.

□Digital SLR Video and Filmmaking For Dummies on Apple Books

Lack of sufficient controls: DSLR cameras can capture high-quality movies, but because the camera's first function is to take still images, it has fewer controls for moviemaking. Many DSLR models offer little control over exposure while shooting. Limited recording time: Some cameras limit capture to 12 minutes at a time in the full HD mode. This limit shouldn't present a problem because you would rarely need to have such a long continuous take for a film you will edit.
