Na edo kumwembe Ni nchi ya ajabu kwa mwanadamu makini kuweza kuishi. Ni nchi inayoshangaza sana, ingawa raia wake hawaonyeshi kushangazwa na matukio kadhaa yanayotokea. Naizungumzia Tanzania nchi niliyoishi kwa miongo kadhaa tangu nizaliwe.

Could you lose weight if you put \$20,000 at risk? Would you finally set up your billing software if it meant that your favorite charity would earn a new contribution? If you’ve ever tried to meet a goal and came up short, the problem may not have been that the goal was too difficult or that you lacked the discipline to succeed. From giving up cigarettes to increasing your productivity at work, you may simply have neglected to give yourself the proper incentives. In Carrot and Sticks, Ian Ayres, the New York Times bestselling author of Super Crunchers, applies the lessons learned from behavioral economics—the fascinating new science of rewards and punishments—to introduce readers to the concept of “commitment contracts”: an easy but high-powered strategy for setting and achieving goals already in use by successful companies and individuals across America. As co-founder of the website stickK.com (where people have entered into their own “commitment contracts” and collectively put more than \$3 million on the line), Ayres has developed contracts—including the one he honored with himself to lose more than twenty pounds in one year—that have already helped many find the best way to help themselves at work or home. Now he reveals the strategies that can give you the impetus to meet your personal and professional goals, including how to • motivate your employees • create a monthly budget • set and meet deadlines • improve your diet • learn a foreign language • finish a report or project you’ve been putting off • clear your desk Ayres shares engaging, often astounding, real-life stories that show the carrot-and-stick principle in action, from the compulsive sneezer who needed a “stick” (the potential loss of \$50 per week to a charity he didn’t like) to those who need a carrot with their stick (the New York Times columnist who quit smoking by pledging a friend \$5,000 per smoke . . . if she would do the same for him). You’ll learn why you might want to hire a “professional nagger” whom you’ll do anything to avoid—no, your spouse won’t do!—and how you can “hand-tie” your future self to accomplish what you want done now. You’ll find out how a New Zealand ad exec successfully “sold his smoking addiction,” and why Zappos offered new employees \$2,000 to quit cigarettes. As fascinating as it is practical, as much about human behavior as about how to change it, Carrots and Sticks is sure to be one of the most talked-about books of the year.

Six minutes a day. That’s what you’re asked to give during these next 43 days – the 26 days of the Advent season, and the 17 days of the Christmas season. Each 24-hour day has 240 “six minute” packages. During the Advent and Christmas seasons, you’re asked to give one of those to the Lord.

Kayla Harwell has a long history in New York City. Her father is a well-known real estate mogul and she started, designs for, and runs her own fashion house that has become exceedingly popular in the fashion world. The women in the family also have a dark history. Many of them have been diagnosed with and have been treated for breast cancer. Kayla has lost a cousin and her grandmother to the terrible disease. So, when Kayla finds a lump in her breast just before her best friend, Alexa Marcum's wedding, she is completely shaken. Help, however, comes from an unlikely source, NYPD detective, Orlando Barticelli. Orlando Barticelli is a self-proclaimed bachelor, wearing the nickname, Man-Whore, given by his friends, like he wears the detective shield around his neck, proudly. He has no intentions of settling down, even as he watches his best friend get married. When Kayla tells her friends that she may have breast cancer, his mother's battle with the same disease resurrects in his mind and he finds himself volunteering to be by Kayla's side when she receives her diagnosis. As Kayla begins her journey through the breast cancer process, Orlando finds himself mesmerized by her beauty, intelligence, and wit, as well as wanting to be the only one to comfort her when she breaks down in tears. But he hesitates to get too close because of what he has seen his job due to relationships. Kayla is uncertain about getting close to Orlando, because of his reputation, her inexperience with dating and the uncertainty of what her diagnosis means for her future. The possibility of losing one another makes them reassess their feelings for one another. They must learn to be strong and understand the vows of love in sickness and in health.
