Winner of the 1921 Pulitzer Prize, The Age of Innocence is an elegant, masterful portrait of desire and betrayal in old New York—now with a new introduction from acclaimed author Colm Tóibín for the novel's centennial. With vivid power, Wharton evokes a time of gaslit streets, formal dances held in the ballrooms of stately brownstones, and society people "who dreaded scandal more than disease." This is Newland Archer's world as he prepares to marry the docile May Welland. Then, suddenly, the mysterious, intensely nonconformist Countess Ellen Olenska returns to New York after a long absence, turning Archer's world upside down. This classic Wharton tale of thwarted love is an exuberantly comic and profoundly moving look at the passions of the human heart, as well as a literary achievement of the highest order.

In the first novel, a New England farmer must choose between his duty to care for his invalid wife and his love for her cousin, and in the second novel, Charity Royall enjoys an idyllic summer romance with visiting architect Lucius Harvey.

'A Son at the Front' is Edith Wharton's extremely personal novel about love, loss, and the intersection of war and art. It's a powerful, moving portrait of empathy and loss. One of Wharton's very best novels.

A side from her Pulitzer Prize-winning talent as a novel writer, Edith Wharton also distinguished herself as a short story writer, publishing more than seventy-two stories in ten volumes during her lifetime. The best of her short fiction is collected here in Roman Fever and Other Stories. From her picture of erotic love and illegitimacy in the title story to her exploration of the aftermath of divorce detailed in "Souls Belated" and "The Last Asset," Wharton shows her usual skill "in dissecting the elements of emotional subtleties, moral ambiguities, and the implications of social restrictions," as Cynthia Griffin Wolff writes in her introduction. Roman Fever and Other Stories is a surprisingly contemporary volume of stories by one of our most enduring writers.

Edith Wharton's satiric anatomy of American society in the first decade of the twentieth century appeared in 1913; it both appalled and fascinated its first reviewers, and established her as a major novelist. The Saturday Review wrote that she had 'assembled as many detestable people as it is possible to pack between the covers of a six-hundred page novel', but concluded that the book was 'brilliantly written', and 'should be read as a parable'. It follows the career of Undine Spragg, recently arrived in New York from the Midwest and determined to conquer high society. Glamorous, selfish, mercenary, and manipulative, her principal assets are her striking beauty, her tenacity, and her father's money. With her sights set on an advantageous marriage, Undine pursues her schemes in a world of shifting values, where triumph is swiftly followed by disillusion. Wharton was re-creating an environment she knew intimately, and Undine's education for social success is chronicled in meticulous detail. The novel superbly captures the world of post-Civil War America, as ruthless in its social ambitions as in its business and politics.
