Factory Girls Voices From The Heart of Modern China by ...

The factory girls are portrayed in a very human way, unlike most books which do not detail the real lives of factory workers. The girls have a hard life, but they still gain intangible things from leaving home, they learn life skills.

'Often people ask me, 'What's it like for women in China today?' From now on I'll recommend Leslie T. Chang's Factory Girls , which is brilliant, thoughtful, and insightful. This book is also for anyone who's ever wondered how their sneakers, Christmas ornaments, toys, designer clothes, or computers are made. The stories of these factory girls are not only mesmerizing, tragic, and inspiring—true examples of persistence, endurance, and loneliness—but Chang has also woven in her own family's history, shuttling north and south through China to examine this complicated country's past, present, and future'
Lisa See, author of Snow Flower and the Secret Fan
Factory Girls offers a previously untold story about the immense population of unknown women who work countless hours, often in hazardous conditions, to provide us with the material goods we take for granted. A book of global significance, it demonstrates how the movement from rural villages to cities is remaking individual lives and the fates of families, transforming our world much as immigration to America's shores remade that society a century ago.

Every year in China millions of migrant workers leave their rural villages to find jobs in the cities. Through the lives of two young 'factory girls' this book explores the day-to-day reality of life for these migrant workers.

A humorous first novel by an award winning poet.

It is at last being recognized that, contrary to common understanding, there were working-class women poets in the nineteenth century. Yet this growing awareness is rarely accompanied by a sustained engagement with their poetry. Painstaking research into the life and work of an author remains constricted to the Brownings and Rossetis of both sexes. The present study breaks with this academic habit. It is the first critical biography of the Glaswegian writer who signed her poems as 'The Factory Girl'. It is an essay in recovery and exploration, situating Ellen Johnston at the intersection of gender, class and nation. It documents her range of subjects, styles and voices. The book is concluded by a selection of Ellen Johnston's verse.

Layla, a Palestinian woman, witnesses the diaspora of her family during the war in Palestine in 1948. Torn between her culture and the western way of life, Layla chases a dream of love and independence. Her journey takes her around the world, ending with a dramatic love story with a Jewish American man. Out of Reach is a compelling story of an independent woman who learns the harsh lessons of her life through marriage, romance, loss and deceit.

Women lives have traditionally gone unrecorded in history. But housewives, factory girls and servants all had their own distinctive voices, and, if you know where to look, there are plenty of sources to explore.Jennifer Newbys guide to women's social history between 1800 and 1939 includes essential starting points for research. A useful handbook for family historians, as well as an engaging read for social history lovers, each chapter focuses on a different group, with suggestions for further reading and a helpful timeline. Compare the lives of factory workers, middle-class women, domestic servants, criminals, aristocrats and agricultural laborers. Hear the voices of obscure women alongside those of celebrities from rebellious servant Hannah Cullwick to daring aristocrat, Lady Colin Campbell, prostitute Ellen Reece, and bored middle-class daughter, Katherine Chorley.If you want to trace female ancestors or simply discover more about how women lived in the past, then this book is ideal to help you get started with your own research.

Eddie K. Wrights memoir detailing the controversial experience of being the young father of a son who would grow up to be the gayest man on the planet! His "NO SON OF MINE!!!" street gangster mentality evolves during his difficult life journey coming to realize that his responsibility as a loving father didn't change just because his son is gay. The book is scheduled for publication on June 1, 2016. In his first memoir, Eddie shares his story of becoming a father at 18 years old who realized his son was showing 'stereotypical' signs of being gay while still in diapers. Spending most of his adult life engulfed in the street gangster/hip hop culture where this subject was not only hushed, but deeply frowned upon, he gives us the voice for what's been kept silent for far too long, confronting almost every aspect of this taboo topic. It took years for him to silently accept his son's homosexuality himself, regardless of all the signs. When his son was five years old, his favorite color was pink and there was nothing Dad could do about it. By the age of fourteen; he was an internet sensation, dancing on YouTube building his fan base to guarantee his success when performing as a drag queen a few years later. Eddie addresses the questions most are scared to ask; Was there anything I could do to stop my son's homosexuality? When did I know my son was gay? What made him that way? Parents will find comfort in reading that Eddie admits that his son's feminine behaviors embarrassed him and he seriously contemplated abandonment, a choice that too many fathers feel they have to choose.

A personalised storybook for boys called SAM. The story is based on the letters of the child's own name. All books are different from one another. The boy wakes up but can't remember his name. Magic Mouse knows how to solve the problem. Magic Mouse takes him on a wonderful adventure in his Magic Bus! Translated and adapted by the author from the Top-Selling Finnish language personalised children's namebook series "Tyttö/Poika, joka unohti nimens". Looking for a namebook "What's my name?" but couldn't find the right name for your child? Please don't hesitate to contact me with your name request! -Tiina Walsh Author fb.me/whatsmynamestorybooks for more details about the storybooks

Catrin Stevens explores the experiences of women in Wales' post-war manufacturing industry.
