"Smokey and the Fouke Monster" tells a most interesting and unusual true story of how the town of Fouke, Arkansas became the center of attention for Monster hunters in the early and mid-seventies but also, how this one mysterious creature's unwelcomed presence lead to the making of the now infamous movie "The Legend Of Boggy Creek." The book tells of the risks and pitfalls sometimes associated with the business side of life and how it came to pass that he and the town folk of Fouke found themselves having to deal with forces far more sinister than that of an unknown creature inhabiting their surrounding bottom lands. This is a true story. The author actually did live next door to the Fouke Monster for several years. The main purpose of this book is to keep the history of the Fouke Monster on a truthful basis. The true facts are told of what really went on behind the scenes during the filming' of a motion picture entitled "The Legend of Boggy Creek." The author tells how a country boy will fight, work and struggle for what he believes in and what his privacy means to him. He also tell how a large family survived and found real happiness deep in the wilderness of Southwestern Arkansas. They had very little contact with the outside' world and the fast ways of life. Smokey tells points of interest in parts of his life hoping it will be educational to you. 1. How a legendary' wild boar was outdone after seventeen years of terrorizing the river bottom people around Fouke, Arkansas. 2. How to catch a catfish with your bare hands. 3. How to catch an alligator

gar that weighs over two hundred pounds. 4. How to outsmart your deer 5. Smokey's experience with snakes, all kinds of them, and many other things of interest. This book has been in print since 1974, and is still selling many copies per year!

"A visual celebration of the iconic car of Italy's fashionable dolce vita boom years. The Fiat 500, which began production in 1957, is the iconic car of Italy's free-spirited boom years, when Italian films, fashion, and design took the world by storm. The car remains immortalized in America's imagination and is much sought after by collectors and anyone with a nostalgic love for la dolce vita. This book celebrates the 500 for both its groundbreaking design and its role as a pop-culture icon. Despite its diminutive size, it proved to be enormously practical and popular. It was an instant hit with the Cinecitta movie stars as well as with American tourists absorbing Italy's local color. The book features an array of vintage images of the 500, including film stills, paparazzi shots, and advertising, in addition to more serious chapters on design. The publication of this handsome tribute volume is timed with Fiat's release in the United States of its updated version of the car for the twenty-first century, the Fiat Nuova 500"--Publisher's description.

What if Ariel had never defeated Ursula? It's been five years since the infamous sea witch defeated the little mermaid... and took King Triton's life in the process. Ariel is now the voiceless queen of Atlantica, while Ursula runs Prince Eric's kingdom on land. But when Ariel discovers that her father

might still be alive, she finds herself returning to a world--and a prince--she never imagined she would see again.

Each chapter of *Chord Progressions For Songwriters* provides a comprehensive self-contained lesson on one of twenty-one popular chord progressions that every songwriter should know inside and out. Lessons cover ascending, basic (I-IV), blues, circle (VI-II-V-I), classic rock (I-bVII-IV), combination, descending, doo-wop (I-VIm-IV-V), ending, flamenco (Im-bVII-bVI-V), folk (I-V), introduction, jazz (IIIm-V-I), minor blues, one-chord, pedal point, rock and roll (I-IV-V), standard (I-VIm-IIIm-V), and turnaround progressions as well as rhythm and Coltrane changes. You will learn how key, duration, substitution, variation (adding or subtracting chords), and displacement (rearranged chord orders) are used to vary the sound of each progression. You will also take a look at the author's songwriter's notebook and work through exercises to reinforce key chapter concepts and get you started building your own progressions.
