Food and Globalization: Consumption, Markets and Politics ...  
Food markets were the first to become globally integrated, linking distant areas and cultures of the world. In no other area have the interactions between global exchange and local practices been as discernible as in changing food cultures. Food consumption plays a crucial role in the construction of local and national identities and in the changing self-understanding of social groups, migrants and ethnic communities.

About Food and Globalization. Food has a special significance  
in the expanding field of global history. Food markets were  
the first to become globally integrated, linking distant  
cultures of the world, and in no other area have the  
interactions between global exchange and local cultural  
practices been as pronounced as in changing food cultures.

Food and Globalization: Consumption, Markets and Politics ...  
This paper argues that consumer concern about safe food,  
together with national or regional differences in food culture,  
taste and traditions, will limit the globalization process. It  
also investigates how the globalization of food markets is  
reflected in the marketing of various agricultural products.

Food and Globalization: Consumption, Markets and Politics ...  
The creation of a global market for food products has important effects on the availability and prices of food commodities. On the production side, global markets encourage specialization in export crops, which tends to create economies of scale in agricultural and food production, leading to increased global output, but also to homogenization in the availability of food products [ 7 , 23 , 24 ].

Economic globalization, nutrition and health: a review of ...  
by Martina Fuchs. GENEVA, Oct. 29 (Xinhua) -- Nestle, one of the world's largest food and beverage companies, will continue to actively invest in the Chinese market despite challenges brought by the COVID-19 pandemic, and hopes that the China International Import Expo (CIIE) starting next week could "drive a new tide of consumption".
