Understanding and Evaluating Research: A Critical Guide aims to sensitize students to the necessity of learning how not to defer to the mysterious authority of the experts, but rather to learn how to be a critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

"Terrifying... Eloquent... A heart-rending drama of human yearning." --New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless

simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

This brief rhetoric helps students develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments, to read and form reactions and opinions of their own, to analyze an audience, to seek common ground, and to use a wide, realistic range of

techniques to write argument papers that express their individual views and original perspectives on modern issues. It includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. 49 Essays for Analysis cover several broad issue and sub-issue areas, all of contemporary concern. Unique chapters discuss student argument styles, Rogerian argument, and argument and literature.

Set in an African village, this follow-up to the Man Booker Prize-winning novel is “sometimes whimsical, sometimes bawdy . . . Fraught with wild visions” (The Times). “All is not well in the African village where Azaro lives. The child narrator of poet and novelist Okri’s *The Famished Road*, who had outwitted death in the previous book, again relates the oppressive events that continue to plague his village and his family. While political factionalization shatters the community’s cohesiveness, the prodigious bar owner Madame Koto, chief exponent of the ‘Party of the Rich,’ alternately exudes portentous metaphysical malaise and miraculous erotic force. Little Azaro, himself touched and distracted by a series of animuses, follows the heels of ‘dad,’ who is a resounding vessel, by turns, of cantankerous egotism and abased self-sacrifice. This Nigerian epic reveals a violent provincial world, opaque with magical spirits which place horrendous ethical demands on fragile and fickle humanity, as if to test each individual for a thread of virtuous constancy at the core. Events drench the essentially linear narrative with all the ruthless sensuousness of a tropical storm, and Okri’s prose is lucid and deft.” —Publishers Weekly “Okri conjures up the fabulous with the same ease as he affectingly details the ways of the human spirit in a lovingly

evoked African setting teeming with life—both real and mythic . . . Stunning.” —Kirkus Reviews “Once again we’re bedazzled and bedeviled by Okri’s phantasmagoric prose and the strange and wondrous sensibility of Azaro, a spirit-child living in a poor African village.” —Booklist “Both a love story and an account of the political turmoil between the parties of Rich and Poor.” —The Independent “Passages of extraordinary beauty . . . Okri paints a convincing surrealist picture.” —The Sunday Times

Since the nineteenth century, when art history became an established academic discipline, works of art have been 'read' in a variety of ways. These different ways of describing and interpreting art are the methodologies of artistic analysis, the divining rods of meaning. Regardless of a work's perceived difficulty, an art object is, in theory, complex. Every work of art is an expression of its culture (time and place) and its maker (the artist) and is dependent on its media (what it's made of). The methodologies discussed here (formal analysis, iconology and iconography, Marxism, feminism, biography and autobiography, psychoanalysis, structuralism, race and gender) reflect the multiplicity of meanings in an artistic image. The second edition includes nineteen new images, new sections on race, gender, orientalism, and colonialism, and a new epilogue that analyzes a single painting to illustrate the different methodological viewpoints.

In a future world, only one man dares to think, strive, and love as an individual in the midst of a paralyzing collective humanity.
