Star Wars: Tarkin (Star Wars (Random House Audio)): Amazon ... A long time ago in a galaxy far, far away. . . . Bestselling Star Wars veteran James Luceno gives Grand Moff Tarkin the Star Wars: Darth Plagueis treatment, bringing the legendary character from A New Hope to full, fascinating life. He's the scion of an honorable and revered family. A dedicated soldier and distinguished legislator. Loyal proponent of the Republic and trusted ally of the Jedi Order. Groomed by the ruthless politician and Sith Lord who would be Emperor, Governor Wilhuff Tarkin rises through the Imperial ranks, enforcing his authority ever more mercilessly . . . and zealously pursuing his destiny as the architect of absolute dominion. Rule through the fear of force rather than force itself, he advises his Emperor. Under Tarkin's guidance, an ultimate weapon of unparalleled destruction moves ever closer to becoming a terrifying reality. When the so-called Death Star is completed, Tarkin is confident that the galaxy's lingering pockets of Separatist rebellion will be brought to heel¶ by intimidation . . . or annihilation. Until then, however, insurgency remains a genuine threat. Escalating guerrilla attacks by resistance forces and newfound evidence of a growing Separatist conspiracy are an immediate danger the Empire must meet with swift and brutal action. And to bring down a band of elusive freedom fighters, the Emperor turns to his most formidable agents: Darth Vader, the fearsome new Sith enforcer as remorseless as he is mysterious; and Tarkin¶whose tactical cunning and cold-blooded efficiency will pave the way for the Empire's supremacy . . . and its enemies¶ extinction. Praise for Tarkin ¶Tarkin tells a compelling tale of mystery while revealing much about a character who has fueled debate among fans since 1977, as well as the oppressive regime he represents. [James] Luceno has proven once again that the villains of Star Wars are as much fun as the good guys.¶New York Daily News ¶Another home run in the new canon . . . This is the highest and best distillation of Tarkin stories, old and new, we've ever been given.¶Big Shiny Robot ¶A spectacular novel, with the intrigue, action, and profound characterization we have come to expect from the pen of Luceno . . . [Tarkin] provides a nuanced, multi-faceted anti-hero who is captivating, ominous, and calculating; in many ways, this is an origin tale of the Empire [and] a fascinating portrait of one of the more popular characters in the Original Trilogy. It may very well be one my favorite Star Wars novels.¶Coffee with Kenobi ¶A fascinating look at the pathos of one of the galaxy's most criminally underused characters.¶TheForce.net

Witness the rise of the Empire with these two thrilling Star Wars novels—plus exclusive short stories by Melissa Scott, John Jackson Miller, and Jason Fry! TARKIN "Compelling . . . The villains of Star Wars are as much fun as the good guys."—New York Daily News Under Governor Wilhuff Tarkin's guidance, an ultimate weapon of unparalleled destruction—the so-called Death Star—moves ever closer to becoming a terrifying reality. Until then, insurgency remains a genuine threat. Guerrilla attacks by an elusive band of freedom fighters must be countered with swift and brutal action—a mission the Emperor entrusts to his most formidable agents: Darth Vader, the fearsome new Sith enforcer, and Tarkin, whose tactical cunning and cold-blooded efficiency will pave the way for the Empire's supremacy—and its enemies' extinction. A NEW DAWN Foreword by Dave Filoni "A story with pacing and dialogue that feels like classic Star Wars."—Nerdist Ever since the Jedi were marked for death, Kanan Jarrus has devoted himself to staying alive rather than serving the Force. So when he discovers a conflict brewing between Imperial forces and desperate revolutionaries, he's not about to get caught in the crossfire. Then the brutal death of a friend forces him to choose between bowing down to fear or standing up to fight. But Jarrus won't be fighting alone. Soon he is joined by Hera Syndulla—a mysterious agent provocateur with motives of her own—in challenging the Empire for the sake of a world and its people.

-The only way to bring down the Sith's most dangerous warrior may be to join forces with the dark side!--Page 4 of cover.

Two years have passed since Jacen Solo, seduced by the dark side and reappointed as the brutal Sith Lord Darth Caedus, died at the hands of his twin sister, Jaina, Sword of the Jedi. For a grieving Han and Leia, the shadow of their son's tragic downfall still looms large. But Jacen's own bright and loving daughter, Allana, offers a ray of hope for the future as she thrives in her grandparents' care. And when the eager, inquisitive girl, in whom the Force grows ever stronger, makes a curious discovery aboard her grandfather's beloved spacecraft¶the much-overhauled but ever-dependable Millennium Falcon¶the Solo family finds itself at a new turning point, about to set out on an odyssey into uncertain territory, untold adventure, and unexpected rewards. To Han, who knows every bolt, weld, and sensor of the Falcon as if they were parts of himself, the strange device Allana shows him is utterly alien. But its confounding presence¶and Allana's infectious desire to unravel its mystery¶are impossible to dismiss. The only answer lies in backtracking into the past on a fact-finding expedition to retrace the people, places, and events in the checkered history of the vessel that's done everything from making the Kessel Run ¶in less than twelve parsecs¶ to helping topple an evil empire. From the moment the Falcon broke loose from a Corellian assembly line like an untamed creature with a will of its own, it seemed destined to seek out trouble. It wasn't long before the feisty YT-1300 freighter went from shuttling cargo to smuggling contraband. But it's a fateful rendezvous on Coruscant, at the explosive height of the Republic/Seperatist uprising, that launches a galaxywide cat-and-mouse game whose newest players are Han, Leia, Allana, and C-3PO. And they¶re not alone: Crime lords, galactic pirates, rogue politicians, and fortune hunters alike loom at every turn of the quest¶each with his or her own desperate stake in the Millennium Falcon's most momentous mission. Through the years and across the stars, from the Rim worlds to unknown points beyond, the race will lead them all to a final standoff for a prize some will risk everything to find¶and pay any cost to possess. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Anakin Skywalker searches for the evil Darth Sidious, struggles with his duty as a Jedi Knight and role as the secret husband of Senator Padme Amidala, and strives to eliminate all resistance to the Empire in his new role as Darth Vader.

NEW YORK TIMES BESTSELLER ¶ **Lauded** Star Wars author James Luceno returns to pen an intense tale of ambition and betrayal that sets the stage for Rogue One: A Star Wars Story. War is tearing the galaxy apart. For years the Republic and the Separatists have battled across the stars, each building more and more deadly technology in an attempt to win the war. As a member of Chancellor Palpatine's top secret Death Star project, Orson Krennic is determined to develop a superweapon before the Republic's enemies can. And an old friend of Krennic's, the brilliant scientist Galen Erso, could be the key. Galen's energy-focused research has captured the attention of both Krennic and his foes, making the scientist a crucial pawn in the galactic conflict. But after Krennic rescues Galen, his wife, Lyra, and their young daughter, Jyn, from Separatist kidnappers, the Erso family is deeply in Krennic's debt. Krennic then offers Galen an extraordinary opportunity: to continue his scientific studies with every resource put utterly at his disposal. While Galen and Lyra believe that his energy research will be used purely in altruistic ways, Krennic has other plans that will finally make the Death Star a reality. Trapped in their benefactor's tightening grasp, the Ersos must untangle Krennic's web of deception to save themselves and the galaxy itself.

Tells the story of the construction of the Death Star and the people involved in it, including its architect, Grand Moff Tarkin; a gunnery officer responsible for its deadly power; and a fighter pilot who defends the construction site.

As Jacen Solo continues his rise to power, he grows increasingly like his grandfather, Darth Vader, and his evil Sith mentor, Emperor Palpatine, until he is forced to make a horrifying choice that will forever change his own life and those of the Skywalker and Solo families. Reprint.
