We have never seen a president like Trump: norm-breaking, rule-busting, dangerously reckless to some and an overdue force for change to others. One thing is clear: We are witnessing the reshaping of the presidency. Karl has known and covered Donald Trump longer than any other White House reporter. With extraordinary access to Trump during the campaign and at 1600 Pennsylvania Avenue, he delivers behind-the-scenes moments that define Trump's presidency-- an extraordinary look at the president, the person, and those closest to him. -- adapted from jacket

From one of America's leading biographers, the definitive story of the radical feminist and anti-pornography activist, based on exclusive access to her archives Fifteen years after her death, Andrea Dworkin remains one of the most important and challenging figures in second-wave feminism. Although frequently relegated to its more radical fringes, Dworkin was without doubt a formidable and influential writer, a philosopher, and an activist—a brilliant figure who inspired and infuriated in equal measure. Her many detractors were eager to reduce her to the caricature of the angry, man-hating feminist who believed that all sex was rape, and as a result, her work has long been misunderstood. It is in recent years, especially with the rise of the #MeToo movement, that there has been a resurgence of interest in her ideas. This biography is the perfect complement to the widely reviewed anthology of her writing, Last Days at Hot Spit, published in 2019, providing much-needed context to her work. Given exclusive access to never-before-published photographs and archives, including her letters to many of the major figures of second-wave feminism, award-winning biographer Martin Duberman traces Dworkin's life, from her abusive first marriage through her central role in the sex and pornography wars of the following decades. This is a vital, complex, and long overdue reassessment of the life and work of one of the towering figures of second-wave feminism.
