I have read all of Nick Hornby’s books even the music essay ones and somehow it took me until now to read Funny Girl. I guess my library hiatus had more casualties than I thought. I enjoyed the beginning of the book.

This 1932 novel is pretty much the only one by a woman that does reliably show up on the big “funniest novel of all time” lists. Well, it’s a classic-though its time may have rather come and gone-a satire of pastoral fiction that pokes fun while also being fun, so I’ll include it here as a matter of course. By turns darkly menacing and bright with love and resilience, the Talk-Funny Girl is the story of one young woman’s remarkable courage, a kind of road map for the healing of early abuse, and a testament to the power of kindness and love. In one of the poorest parts of rural New Hampshire, teenage girls have been disappearing, snatched from back country roads, never to be seen alive again. For seventeen-year-old Marjorie Richards, the fear raised by these abductions is the backdrop to what she lives with in her own home, every day. Marjorie has been raised by parents so intentionally isolated from normal society that they have developed their own dialect, a kind of mountain hybrid of English that displays both their ignorance of and disdain for the wider world. Marjorie is tormented by her classmates, who call her “The Talk-funny girl,” but as the nearby factory town sinks deeper into economic ruin and as her parents fall more completely under the influence of a sadistic cult leader, her options for escape dwindle. But then, thanks to a loving aunt, Marjorie is hired by a man, himself a victim of abuse, who is building what he calls “a cathedral,” right in the center of town. Day by day, as Marjorie’s skills as a stoneworker increase, so too does her intolerance for the bitter rules of her family life. Gradually, through exposure to the world beyond her parents’ wood cabin thanks to the kindness of her aunt and her boss, and an almost superhuman determination, she discovers what is loveable within herself. This newfound confidence and self-esteem ultimately allows her to break free from the bleak life she has known, to find love, to start a family, and to try to heal her old, deep wounds without passing that pain on to her husband and children.

Like many ambitious New York City teenagers, Craig Gilner sees entry into Manhattan’s Executive Pre-Professional High School as the ticket to his future. Determined to succeed at life—which means getting into the right high school to get into the right college to get the right job—Craig studies night and day to ace the entrance exam, and does. That’s when things start to get crazy. At his new school, Craig realizes that he isn’t brilliant compared to the other kids; he’s just average, and maybe not even that. He soon sees his once-perfect future crumbling away.

NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader’s Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of The Kite Runner! “Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America.”—San Francisco Chronicle In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father’s glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. Funny in Farsi chronicles the American journey of Dumas’s wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh’s parents laugh uproariously at Bob Hope on television, although they don’t get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for Funny in Farsi “Heartfelt and hilarious—in any language.”—Glamour “A joyful success.”—Newsday “What’s charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It’s the brilliance of true sophistication at work.”—Los Angeles Times Book Review “Often hilarious, always interesting . . . Like the movie My Big Fat Greek Wedding, this book describes with humor the intersection and overlapping of two cultures.”—The Providence Journal “A humorous and introspective chronicle of a life filled with love-of family, country, and heritage.”—Jimmy Carter “Delightfully refreshing.”—Milwaukee Journal Sentinel “[Funny in Farsi] brings us closer to discovering what it means to be an American.”—San Jose Mercury News

A wise, affecting novel from the beloved, award-winning author of Funny Girl, High Fidelity, and About A Boy. New York Times-bestselling author Nick Hornby mines the hearts and psyches of four lost souls who connect just when they’ve reached the end of the line. A Long Way Down is now a major motion picture from Magnolia Pictures starring Pierce Brosnan, Toni Collette, Aaron Paul, and Imogen Poots. Meet Martin, JJ, Jess, and Maureen. Four people who come together on New Year’s Eve: a former TV talk show host, a musician, a teenage girl, and a mother. Three are British, one is American. They encounter one another on the roof of Topper’s House, a London destination famous as the last stop for those ready to end their lives. In four distinct and riveting first-person voices, Nick Hornby tells a story of four individuals confronting the limits of choice, circumstance, and their own mortality. This is a tale of connections made and missed, punishing regrets, and the grace of second chances. Intense, hilarious, provocative, and moving, A Long Way Down is a novel about suicide that is, surprisingly, full of life.
