"This book shows the virtues of a historical/sociological interpretation of global capitalism, and as a bonus the writing is graceful and clear. Conflicting viewpoints are judiciously and succinctly evaluated. The extensive references to the literature are unobtrusive and impressive.

Global Capitalism: A Sociological Perspective | Social ...

Global capitalism is the fourth and current epoch of capitalism. What distinguishes it from earlier epochs of mercantile capitalism, classical capitalism, and national-corporate capitalism is that the system, which was previously administered by and within nations, now transcends nations, and thus is transnational, or global, in scope. In its global form, all aspects of the system, including production, accumulation, class relations, and governance, have been disembedded from the nation and ...
