Read Book How The World Works

describing the content. HWW is actually a collection of four abridged books, some of which are interviews with Chomsky, others of which are books that had been written by Chomsky. If there's one basic theme for the book, it is this truism: that governments and large businesses operate in their own interests and not in the interests of the people they are supposed to serve.

How the World Works by Noam Chomsky
- *Goodreads*

* Science 2 * "The visual explanations in How the World Works are wide-ranging and impressive, covering what truly governs our days: sunlight, fresh water, winds and other key components.

Although the clear and informative text carries a pro-environmental message, it stays clear of preachiness.

How the World Works by Noam Chomsky / Waterstones

Paul Cockshott's *How the World Works* is an important contribution to historical materialism, complementing Marx and Engels's classic analyses of labour and wealth with a systematic account of how economies and societies are shaped by energy sources and technologies. With a strong focus on transitions from early societies to contemporary capitalism, Cockshott's dispassionate appraisal of "actually existing socialism" and sober exploration of plausible communist futures offer ...

The World's Work (1900–1932) was a monthly magazine that covered national affairs from a pro-business point of view. It was produced by the publishing house Doubleday, Page and Company, which provided the first editor, Walter Hines Page. The first issue appeared in November 1900, with an initial press run of 35,000. With the backing of the mail order department at Doubleday, Page, the ...
