This brilliant, faultless, impeccably constructed work will maintain its status as an outstanding research tool invaluable both to undergraduate students and to scholars of James. It is unquestionably worthy of 'The Master,' its subject. Choice Called a Shakespeare of the novel and America's only fully realized literary artist by Leon Edel, his prize-winning biographer, Henry James was also one of the most prolific American writers. His massive literary output included approximately 300 critical essays, 134 novels and stories, 15 plays, and some 15,000 letters. A Henry James Encyclopedia offers both the interested reader and committed scholar a wealth of information about James and his work never before available in one volume. More than 3,000 entries summarize each of James's works, describe every fictional and dramatic character in them, identify writers and artists James reviewed, discuss each important man and woman he associated with or wrote to, and define members of his extended family. The extensive encyclopedia section is preceded by a chronology that details important events in James's life. The encyclopedia itself is arranged alphabetically in one continuous set of entries, making it extremely easy to find specific information. Cross references are indicated by asterisks. In addition, twelve appendices list James's works, contacts, and characters by type (Plays, Friends of James, Actors, Actresses, Theater Managers, Composers, and Singers Mentioned by James, and so on). A bibliography completes the volume. The only book of its kind ever produced for an American writer, A Henry James Encyclopedia will be an indispensable source for Jamesian scholars as well as for students just beginning their study of his work. As such, it is an important acquisition for every American literature collection.

Hugo Whittier—failed poet and former kept man—is a wily misanthrope with a taste for whiskey, women, and his own cooking. Afflicted with a rare disease that will be fatal unless he quits smoking, Hugo retreats to his once aristocratic family's dilapidated mansion, determined to smoke himself to death without forfeiting any of his pleasures. To his chagrin, the world that he has forsaken is not quite finished with him. First, his sanctimonious older brother moves in, closely followed by his estranged wife, their alleged daughter, and his gay uncle. Infuriated at the violation of his sanctum, Hugo devises hilariously perverse ploys to send the intruders packing. Yet the unexpected consequences of his schemes keep forcing him to reconsider, however fleetingly, the more wholesome ingredients of love, and life itself. **BONUS:** This edition includes an excerpt from Kate Christensen's Blue Plate Special.
