A career handbook for the thirtysomething-plus woman who finds herself dissatisfied with life offers inspirational and savvy advice on how to change careers and find fulfillment in a new job, detailing the "Ten Commandments of Changing Careers" and furnishing helpful tips on mentoring, self-promotion, skill building, developing a personal marketing plan, and more. Original.

Veronica is eternally fifty-one years old with a proclivity for problematic drinking. Like most hormonally challenged women negotiating the change of life, she is a hot mess. To retain her sanity, she attends weekly AA meetings and adheres to a strict diet of organic, locally-sourced, (mostly) cruelty-free human blood from the hospice facility where she works. Her life stopped being fun about a hundred years ago, right about the time her teenage daughter stole her soul and took off for California with a hot, older guy. These days, Veronica's existence is just that — an existence, as flat and empty as her own non-reflection in the bathroom mirror. When her estranged daughter contacts her via Facebook, Veronica learns that she has one chance to escape her eternal personal summer: she must find and apologize to every one of the people she's turned into vampires in the last century. That is, if they're still out there. With raging hormones and a ticking clock, Veronica embarks on a last-ditch road trip to regain her mortality, reclaim her humanity, and ultimately, die on her own terms.

A vivid, fast-paced novel about artificial emotional intelligence. Since the death of their mother, Hunter, Milly and Coel have come unstuck. Their father isn't coping either, even though he's the successful head of BIOlogic and is developing a humanoid to enhance human lives. He brings home Josie, the latest prototype, hoping she might restore the family's happiness. But Josie took a blast during an epic electrical storm and her system is unstable. Meanwhile, Professor Bishop and his mysterious student Gwin Tang have their own ominous plans for Josie . . .

“ A sweeping historical love story that hits all the marks. ” – Publisher's Weekly starred review Your feet will bring you to where your heart is. Ireland 1846. With Ireland ravaged by famine and England

unsympathetic to its plight, Kathleen Deacey faces a devastating choice – leave her country to find work or risk dying there. Despising the English for refusing to help Ireland, she crosses the ocean to support her family and search for her missing fiancé. But when her voyage goes awry, she must accept help from an English whaling captain, Jack Montgomery, who represents everything she despises – and with whom she is reluctantly falling in love. As Kathleen fights to save her family in Ireland, she finds herself facing yet another devastating choice – remain loyal to her country or follow her heart. Award-winning author Pamela Ford captures the anguish of a devastating period in Irish history and delivers an historical saga of hope, loyalty, the strength of the human spirit, and the power of love. With more than a half million copies of her books sold worldwide, she is known for creating stories that are emotional and moving.
