It is important to distinguish microeconomics from macroeconomics. Whereas macro studies how the aggregate economy behaves, with reference to inflation, price levels, rate of growth, national income, unemployment and more, micro focuses on individual decisions. Economics is probably not what you think. It is not primarily about money or finance. It is not primarily about business.

Introduction to Microeconomics – Principles of Microeconomics

Keywords: Microeconomics; prices; normative economics; positive economics; microeconomic applications. Session Activities Readings.
