I absolutely love Johanna's coloring pages, they are all so different from one another! The 2018 day to day calendar can be tucked away safely into a backpack or bag with its durable box. I like that the box comes with a string ribbon for separating the old dates and the future dates.

Johanna Basford's amazing 2013 bestseller *Secret Garden* fueled the adult coloring craze, selling an unprecedented number of copies. It was born out of the self-described "ink evangelist's" passion for the hand-drawn line and its inherent sense of energy, which is impossible to duplicate via computer-generated graphics.

I love all of Johanna's books and now I love her calendars too. I am getting all 3 of them.

2018, 19 and 20. I am coloring the pictures in the 2020 right now so I can have it

finished to hang up on the first of the year.

Then I can work on the pictures in the other 2 calendars. Just like her coloring books the pictures are terrific.
