KAWASAKI MPVDCONTV113E-3 TROUBLESHOOTING AND COMPONENT ...

The cable I received with the robot seems to fit the description between a C controller and a FS robot with a Molex connector on either side(one male, one female). I have 52 available pins for the Signal Harness and 40 pins available for the Motor Harness from the robot. Perhaps if I find documentation on the C controller I can put a name to each pin at least. Seeing as the FS10E was paired ...
