paper airplanes! In this brand new origami book with folding papers, paper airplane expert Andrew Dewar presents his ultimate collection of easy-to-fold, high-performance planes for kids who are fascinated by paper or origami airplanes. These planes are brightly colored and designed to fly beautifully each and every time. The book opens with a fascinating primer to the principles of flight so kids can learn about the forces that enable a plane to fly and affect the performance of their planes. They'll have fun coaxing the planes through their paces: doing loops, barrel rolls, glides and dives. The sky is the limit once they understand how planes interact with the atmosphere!
