1666 was a watershed year for England. An outbreak of the Great Plague, the eruption of the second Dutch War, and the devastating Great Fire of London all struck the country in rapid succession and with devastating repercussions. Shedding light on these dramatic events and their context, historian Rebecca Rideal reveals an unprecedented period of terror and triumph. Based in original archival research drawing on little-known sources, 1666 opens with the fiery destruction of London before taking readers on a thrilling journey through a crucial turning point in English history as seen through the eyes of an extraordinary cast of historical characters. While the central events of this significant year were ones of devastation and defeat, 1666 also offers a glimpse of the incredible scientific and artistic progress being made at that time, from Isaac Newton’s discovery of gravity to the establishment of The London Gazette. It was in this year that John Milton completed Paradise Lost, Frances Stewart posed for the iconic image of Britannia, and a young architect named Christopher Wren proposed a plan for a new London—a stone phoenix to rise from the charred ashes of the old city. With flair and style, 1666 exposes readers to a city and a country on the cusp of modernity and a series of events that altered the course of history.

This book examines the theory and practice of the English monarchical succession from the end of Elizabeth's reign to the accession of George I. Tracing the transition from an uncertain rule to a crown in the disposal of parliament, Nenner focuses on the major routes to the throne over the long seventeenth century: hereditary right, conquest, and election. It is a study of the competing principles of parliamentary sovereignty and fundamental law, and the ways in which tension between dynastic expectations and national needs were addressed and resolved.

Retaining all the well-loved features from the best-selling KS3 History course, this third edition is matched to the new 2014 National Curriculum and has a strong focus on assessment, skills building, and is packed with even more rich and absorbing sources to spark the interest of all your students.
