"This book deals with the dilemma faced by multinational corporations when a United States court demands discovery of ESI that is protected in other countries. In fine detail the authors cover the full spectrum of possible responses, from evaluating the comparative costs of legal sanctions in a variety of major global jurisdictions to recognizing when to avoid litigation entirely. The tone throughout is eminently practical, specifying the precise nature and degree of risk involved and offering optimal solutions to all the conflicts likely to arise. On the theoretical side, the rationales of both the US e-discovery model and data privacy laws (focusing on the European data protection directive) are clearly explained"--P. [4] of cover.
