This anthology has its origins in the Encuentro theater festival, which was produced by the Latino Theater Company in association with the Latinx Theatre Commons in Los Angeles in 2014. Encuentro means "an encounter," and meetings form a core theme in these six groundbreaking plays, each prefaced by a critical introduction from a leading Latinx theater scholar. Playwrights Ruben C. Gonzalez, José Torres-Tama, Rickerby Hinds, Mariana Carreño King, Javier Antonio González, and Evelina Fernández exhibit a wide range of aesthetic approaches, dramatic structures, and themes, ranging from marriage, gentrification, racial and gendered violence, migration, and the ever-present politics of the U.S.–Mexico border. There is power in the communal experience of creating, witnessing, and participating in theater festivals. This anthology is a testament to that power and seeks to document the historic festival as well as to make these works available to a wider audience. Encuentro: Latinx Performance for the New American Theater addresses interests of general audiences committed to the performing arts; scholars and students of Latinx, gender, and ethnic studies; university, college, and high school theater programs; and regional theaters looking to diversify their programming.

This student book is designed to help the low-ability pupil achieve a qualification in Spanish at the end of Key Stage 4. It includes many exercises in reading and writing to aid with understanding.

La Crisis es aquél momento en que los relatos impuestos que habían dotado de sentido a la existencia individual y colectiva se resquebrajan. Las interpretaciones que sustentaban la sociedad, muchas veces impuestas de manera violenta, dejan de ser satisfactorias. La Crisis es, además, la oportunidad para alumbrar nuevos relatos, interpretaciones, que vengan a sustituir a aquellos que se rompen. Ese es el presente que vivimos, desde donde proyectamos nuestro compromiso con el futuro. Por ello esta obra se propone aportar algunas visiones en torno a la situación social y política, en torno a la vida en común, pero también acerca del interpretar, del comprender, del dotar de sentido a la existencia y a lo que está por venir, con la voluntad de que sea para todos posible crear nuevos mundos, darnos nuevas narraciones y, en definitiva, construir allí donde sólo hay escombros.

El primer paso para mitigar el riesgo y adaptarnos a la complejidad de los peligros naturales y del cambio ambiental es ampliar nuestra comprensión del medio, y de las relaciones entre sociedad y naturaleza. Esta obra busca aportar conocimiento científico desde una visión sistémica e integradora del saber generado por distintas disciplinas que estudian los peligros de origen geológico, hidrometeorológico y biológico y los riesgos para la sociedad en Galicia. Este es el fundamento para avanzar en la gobernanza del riesgo.
