Rectify Images. Use WorldMap WARP to upload and rectify scanned maps for use in WorldMap. Maps rectified using this tool can be brought into WorldMap by following the instructions under Section 4.5 in WorldMap Help.

*Mapping Decline: St. Louis and the American City*

The urban crisis, as this study of St. Louis makes clear, is not just a consequence of economic and demographic change; it is also the most profound political failure of our recent history. Mapping Decline is the first history of a modern American city to combine extensive local archival research with the latest geographic information system (GIS) digital mapping techniques.

*Mapping Decline: St. Louis and the Fate of the American ...*

Mapping Decline: St. Louis and the Fate of the American City. Between 1940 and 1950, whites settled throughout the suburban St. Louis counties and in a few tracts surrounding Forest Park and in the City's southern reaches. Many of these were new arrivals to the St. Louis area, but many (evidenced by the collapsing white population in many central city tracts) were moving from the City to its suburbs.
