Quick Calculus 2nd Edition A Self-Teaching Guide Calculus is essential for understanding subjects ranging from physics and chemistry to economics and ecology. Nevertheless, countless students and others who need quantitative skills limit their futures by avoiding this subject like the plague. Maybe that's why the first edition of this self-teaching guide sold over 250,000 copies. Quick Calculus, Second Edition continues to teach the elementary techniques of differential and integral calculus quickly and painlessly. Your "calculus anxiety" will rapidly disappear as you work at your own pace on a series of carefully selected work problems. Each correct answer to a work problem leads to new material, while an incorrect response is followed by additional explanations and reviews. This updated edition incorporates the use of calculators and features more applications and examples. ".makes it possible for a person to delve into the mystery of calculus without being mystified." --Physics Teacher

The X-Men are back in the cinema. Wolverine, Professor X, Cyclops, Jean Grey and the rest of the team return in X2, facing a new threat so dangerous that former enemy Magneto must join their ranks to defeat it.

An alien awakens from a long sleep.An impossible prophecy that cannot be ignored.Dean and his friends are trapped on a world they can barely comprehend with enemies on all sides and a growing need to survive. There's more to this place than any of them could have dreamed.But what is the strange infection spreading across the forest, and where did it come from? Who or what is the Great Dawn?The world is full of secrets, and Dean Slade is at the center of it all.Time to discover the truth.

Humanity's Exodus is about to begin.When half of mankind revolts and demands more opportunity, those at the top decide on a compromise: they will build the first colony ships and allow those who are willing to discover new worlds to leave and start over.Twelve ships are built, the first of which is called Orion. Many are eager to go, but only one hundred thousand are chosen for each vessel. Far from Earth, a new life awaits, and it promises the prosperity they've always wanted.But still, resistance stirs, eager to sabotage this new expansion effort, threatening the promise of a new life. As Orion moves through the void of space, towards a distant world, its passengers must fight for survival in an unprecedented conflict. Win or lose, their future will be forever changed.Experience a sprawling galactic tale in this first entry to The Orion Colony series. If you're a fan of Firefly, Battlestar Galactica, or Indiana Jones, you'll love this epic, space opera adventure.

This last book in the six-volume series from NEXTmanga combines cutting-edge illustration with fast-paced storytelling to deliver biblical truth to an ever-changing, postmodern culture. More than 10 million books in over 40 different languages have been distributed worldwide in the series.
