Modern World History - ClassZone

Loudoun County Public Schools / Overview

The Middle East in Modern World History focuses on the history of this region over the past 200 years. It examines how global trends during this period shaped the Middle East and how these trends were affected by the region ' s development. Three trends from the past two centuries are highlighted: The region as a strategic conduit between East and West The development of the region's natural resources, especially oil The impact of a rapidly globalizing world economy on the Middle East

The fifth edition of this bestselling book is for school and college students taking courses in Modern World History and for undergraduates in History and International Relations. It is a complete, self-contained, lively and highly readable course, suitable for individual study or classroom use. The general reader who wishes to find out how the world got into its present state will also find the book useful. Key features of the fifth edition: • A new chapter on Latin America and its changing relationship with the USA • New sections on the Arab Spring, the 2008 financial crash and its aftermath, and the European Union in crisis • New material on the changing face of communism in China, USA: Bush to Obama, Russia under Putin and Medvedev; the continuing conflict between Palestinians and Israelis and the 'war against terrorism' Content includes: • A survey of international relations and war from 1900 to 2012 • Europe and its history - the rise and fall of fascism and communism • International affairs of the major superpowers - USA, Russia/ USSR and China • International conflict -The Holocaust, 9/11 and the fall of Saddam Hussein • Decolonization and subsequent events in Africa, and the rise of political Islam • Global problems - climate change, economic crisis, the population ' explosion' • Mention of disagreements and controversies among historians, as well as new interpretations and discoveries Norman Lowe has had many years' experience of teaching History at all levels, and for 25 years was Head of History at Nelson and Colne College in Lancashire. He is the author of Mastering Modern British History and Mastering Twentieth Century Russian History. Fully updated companion website with examples of document questions for each chapter www.palgrave.com/masterseries/Lowe

Comparisons, Connections, & Change-contexts for the particulars Ways of the World is the textbook preferred by AP World History teachers and students across North America. Like the AP course it supports, Ways of the World focuses on significant historical trends, themes, and developments in world history. Author Robert W. Strayer provides a thoughtful and insightful synthesis that helps students see the big picture. Each chapter then culminates with collections of primary sources (written and visual) organized around a particular theme, issue, or question, thus allowing students to consider the evidence the way historians do. The second edition includes a wealth of supporting resources and supplements for the AP course, including an AP Skills Primer and AP Chapter Wrap-Ups, and rolls out Bedford/St. Martin's new digital history tools, including LearningCurve, an adaptive quizzing engine that garners over a 90% student satisfaction rate, and LaunchPad, the all new interactive e-book and course space that puts high quality easy-to-use assessment at your fingertips. Featuring video, additional primary sources, a wealth of adaptive and summative quizzing, and more, LaunchPad cements student understanding of the text while helping them make progress toward learning outcomes. It's the best content joined up with the best technology.

While world history materials date back to prehistoric times, the field itself is relatively young. Indeed, when the first edition of Peter Stearns ' s best-selling World History in Documents was published in 1998, world history was poised for explosive growth, with the College Board approving the AP world history curriculum in 2000, and the exam shortly thereafter. At the university level, survey world history courses are increasingly required for history majors, and graduate programs in world history are multiplying in the U.S. and overseas. World events have changed as rapidly as the field of world history itself, making the long-awaited second edition of World History in Documents especially timely. In addition to including a new preface, focusing on current trends in the field, Stearns has updated forty percent of the textbook, paying particular attention to global processes throughout history. The book also covers key events that have altered world history since the publication of the first edition, including terrorism, global consumerism, and environmental issues.

Introduction: Globalization, Perils and Prospects * Part 1: From the Dawn of Civilization to the Mame * Modernity and Its Discontents * The Rise and Fall of Civilizations * From Feudal to Modern Europe * Global Imperialism's First Wave * The Nation-State * Liberalism and Nationalism * The Industrial Revolution * Global Imperialism's Second Wave through World War I * Part 2: From Versailles to Copenhagen * Peace, Prosperity, and Collapse * Totalitarianism: The Rise of Communism and Fascism * The Anti-Colonial Struggle * World War II and the Postwar Liberal Global System * The Cold War from 1947 to 1988 * The Cold War from 1989 to 1991 * The Post Cold War World * Chapter 16. The Post September 11 World * Into the 21st Century: The Faustian Dilemma.

Describes the effect of human action on the world's environment.

The author of the international bestseller The Rise and Fall of the Third Reich offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, F ù hrer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, The Rise and Fall of the Third Reich, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. Berlin Diary is Shirer ' s first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author ' s thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer ' s Berlin Diary is an essential historical record that illuminates one of the darkest periods in human civilization.

This book links the latest advances in molecular genetics with the science and history of plant domestication, the evolution of plant breeding, and the implications of our new knowledge for the agriculture of today and the future.
