In this World Fantasy Award-winning novel of magic and kungfu, four siblings battle rival clans for honor and power in an Asia-inspired fantasy metropolis. *Named one of TIME's Top 100 Fantasy Books Of All Time * World Fantasy Award for Best Novel, winner Jade is the lifeblood of the island of Kekon. It has been mined, traded, stolen, and killed for -- and for centuries, honorable Green Bone warriors like the Kaul family have used it to enhance their magical abilities and defend the island from foreign invasion. Now, the war is over and a new generation of Kauls vies for control of Kekon's bustling capital city. They care about nothing but protecting their own, cornering the jade market, and defending the districts under their protection. Ancient tradition has little place in this rapidly changing nation. When a powerful new drug emerges that lets anyone -- even foreigners -- wield jade, the simmering tension between the Kauls and the rival Ayt family erupts into open violence. The outcome of this clan

Making, keeping, and enjoying money isn't just about investments, salaries, inheritances, or dividends, according to Deborah Price. It's also about the games people play around money and their character type in relation to it. In *Money Magic*, Price shows how to transform your relationship with money to obtain the wealth you desire. The book is structured around eight "types": the Innocent (the ostrich approach); the Victim (blaming circumstances); the Warrior (conquering money); the Martyr (always rescuing someone); the Fool (gambler looking for a windfall); the Creator/Artist (regarding money as evil); the Tyrant (controlling through money); and the Magician (benefitting spiritually and financially from money). The Magician is the book's ideal, and Price offers exercises to help readers attain it. Describes eight money types, and offers quizzes to determine your type. Shows readers how to stop making fear-based money choices.
