Donahue concluded the agent, George Hickey, accidentally shot the president when the car suddenly lurched. The theory got little notice, despite a 1977 write-up in the Baltimore Sun and a 1992 book, Mortal Error: The Shot That Killed JFK, by Bonar Menninger. Donahue died in 1999.

Mortal Error: The Shot That Killed JFK Second Edition

Mortal Error: The Shot That Killed JFK: Menninger, Bonar ...

Examines the ballistic evidence from President Kennedy's assassination, argues that two weapons were involved, and identifies mistakes in the Warren Commission report

In 1967, a Baltimore man named Howard Donahue began investigating the assassination of President John F. Kennedy. Like countless Americans, Donahue was fascinated by the events in Dallas. But what separated him from other amateur sleuths-and even the Warren Commission's experts- was a lifetime's experience with guns and ballistics. In Mortal Error, Bonar Menninger chronicles Donahue's twenty-five-year investigation of President Kennedy's death, and the stunning revelation his work produced. In crisp, rapid-fire prose, Menninger relates one of the greatest true-life detective stories ever told. More importantly, he offers solutions to questions that have haunted America for more than 50 years.Complete with 15 forensic diagrams, photos and illustrations-including images from the crime scene and the president's autopsy-this thoroughly researched exposé delves deeply into every angle of the Kennedy assassina- tion. It examines the infamously controversial Warren Report, various the- ories surrounding the shooting, and previously undisclosed forensic and ballistic clues to build a case for the clearest, most plausible explanation yet about the events of that historic day in Dallas.

Another conspiracy theory identifies the two men who, operating separately, allegedly shot President Kennedy in the "Crime of the Century." Reprint.

Assassination? Conspiracy? Evidence of the shocking truth is finally revealed. 'Shocking new details' - Herald Sun On 22nd November 1963, the 35th president of the United States, John Fitzgerald Kennedy, and his wife Jackie were taking part in a presidential motorcade through Dallas. Thousands lined the streets cheering; others hung out of windows to catch a glimpse of the much-loved First Lady and President. Suddenly, the unthinkable: three shots - bang...bang, bang - rang out. In front of the world, John F Kennedy was fatally wounded. Lee Harvey Oswald was caught. But did he fire the fatal bullet? Who REALLY killed JFK? Fifty years after the tragic events in Dallas, JFK: The Smoking Gun solves the ultimate cold case. With the forensic eye of a highly regarded ex-cop, Colin McLaren gathered the evidence, studied 10,000 pages of transcripts, discovered the witnesses the Warren Commission failed to call, and uncovered the exhibits and testimonies that were hidden until now. What he found is far more outrageous than any fanciful conspiracy theory could ever be. JFK: The Smoking Gun proves, once and for all, who did kill the President. 'A compelling case' - The Australian 'Comprehensive and compelling' - Newcastle Herald

Was the assassination of one of America's most beloved presidents an accident? That is the shocking argument put forth by acclaimed historian James Reston, Jr. Based on years of research and interviews, this revelatory new book makes the case that Texas Governor John Connally, not President John F. Kennedy, was the intended target of Lee Harvey Oswald. Oswald's motive was personal, not political. After he attempted to defect to the Soviet Union, his military discharge was changed from honorable to dishonorable. The proud ex-Marine protested directly to fellow Texan Connally, then Secretary of the Navy, and received a classic bureaucratic brush-off. From that day on, Oswald began nursing a deep, even murderous grudge. Reston masterfully charts the path Oswald took toward that fated moment in Dallas, his hatred of the governor driving him to purchase a mail-order rifle, position himself in the Texas School Book Depository building, and attempt to settle his score with Connally. There was no conspiracy. There was Lee Harvey Oswald, a mail-order gun, and a missed shot. Marshaling all the available evidence – some of it never before seen – Reston will change the way we understand this epochal event. In one of American history's most tragic ironies, President John F. Kennedy was as an accidental victim on November 22, 1963. With nearly 30 photos, the book may take a few minutes to download over 3G or slower connections.

SSuggests that John F. Kennedy was assassinated because military leaders feared his dedication to peace would result in the United States falling to Russia

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

An equal parts haunting and hilarious deep-dive review of history's most notorious and cold-blooded serial killers, from the creators of the award-winning Last Podcast on the Left

The New York Times bestselling and extraordinary true story of the critical events leading up to and following the assassination of President John F. Kennedy, as told by the Secret Service agents who were firsthand witnesses to one of America's greatest tragedies. The Secret Service. An elite team of men who share a single mission: to protect the president of the United States. On November 22, 1963, these men failed—and a country would never be the same. Now, for the first time, a member of JFK's Secret Service detail reveals the inside story of the assassination, the weeks and days that led to it and its heartrending aftermath. This extraordinary book is a moving, intimate portrait of dedication, courage, and loss. Drawing on the memories of his fellow agents, Jerry Blaine captures the energetic, crowd-loving young president, who banned agents from his car and often plunged into raucous captures with little warning. He describes the careful planning that went into JFK's Texas visit, the worries and concerns that agents, working long hours with little food or rest, had during the trip. And he describes the intensely private first lady making her first-ever political appearance with her husband, just months after losing a newborn baby. Here are vivid scenes that could come only from inside the Kennedy detail: JFK's last words to his tearful son when he left Washington for the last time; how a sudden change of weather led to the choice of the open-air convertible limousine that day; Mrs. Kennedy standing blood-soaked outside a Dallas hospital room; the sudden interruption of six-year-old Caroline's long-anticipated sleeperover with a friend at home; the exhausted team of agents immediately reacting to the president's death with a shift to LBJ and other key governmental figures; the agents' dismay at Jackie's decision to walk openly from the White House to St. Matthew's Cathedral at the state funeral. Most of all, this is a look into the lives of men who devoted their entire beings to protecting the presidential family: the stress of the secrecy they kept, the emotional bonds that developed, the terrible impact on agents' psyches and families, and their astonishment at the country's obsession with far-fetched conspiracy theories and finger-pointing. A book fifty years in coming, The Kennedy Detail is a portrait of incredible camaraderie and incredible heartbreak—a true, must-read story of heroism in its most complex and human form.

Offers a detailed account of the tornado that hit Topeka, Kansas, in 1966, including the tornado's path, the final total of property damage, myths about the area's ability to withstand the disaster, and stories from survivors.
