Build the body-brain connection with step-by-step activities that help children develop physical, cognitive, social, and emotional foundations for early learning and school readiness. Early childhood educators will find clear information on creating the move-to learn environment, managing safety, and optimizing the connections between language development, movement, and readiness for formal learning. An observational tool lets teachers pinpoint children's specific developmental stages and assess progress. The easy-to-follow, full-color format includes diagrams and photos along with teaching tips to advance and automate children's foundational physical capabilities while providing incremental challenge. Grounded in best practices and current research, Move, Play, and Learn with Smart Steps is both a hands-on resource for any classroom teacher, care provider, or parent and an ideal tool for coaches, mentors, and professional development trainers. Digital content includes customizable forms from the book.

I suspect that if you are reading this book, then you either just finished your book or you are contemplating self-publishing books as a full-time or part-time income or just to publish your book and brag to your friends about it later. In any case, this book is written for you and it comes from my heart, and from my many trial and errors over the last two years and still am doing today. I hope I will not let you down with the content of this book and that you will find it useful.

Twenty-five rhyming poems invite children to believe in themselves, learn from mistakes, cooperate, share, help others, solve problems, be kind, tell the truth, make positive choices, and more. The short poems are quick to read, easy to learn, and fun to recite! making them perfect for teaching social skills to young children. Children can memorize their favorite poems, talk about them, act them out, and get ideas for creating their own. Accompanying photographs show children from diverse backgrounds in realistic settings, and back matter provides adults with ideas for thought-provoking discussion, activities, and learning. This charming update to a popular volume of poetry for children is a book that adults and children will love sharing again and again.

My teachers say I'm coasting, that I just do [well enough.] But why do I want to waste my time on super boring stuff? Casey is bright, but doesn't apply himself at school. Instead, he coasts [doing just well enough to get by, and ignoring homework and projects that don't interest him. What does interest Casey is art. He loves to draw, make music, and create. Sometimes this enthusiasm interferes with learning and gets him into trouble. With help from his school principal, Casey learns to apply his passions to his schoolwork. Told in humorous rhyme, this lively story will speak to bored students and to any kid who can't and wants to do better. The book concludes with tips and information to help parents, teachers, counselors, and other adults foster dialogue with any kid wrestling with underachievement.

With the American revolutionaries in discord following victory at Yorktown and the Paris Peace Treaty of 1783, the proposed federal Constitution of 1787 faced an uncertain future when it was sent to the states for ratification. Sensing an historic moment, three authors—Alexander Hamilton, James Madison and John Jay—circulated 85 essays among their fellow statesmen, arguing for a strong federal union. Next to the Constitution itself, The Federalist papers are the most referenced statement of the Founding Fathers' intentions in forming the U.S. government. This book takes a fresh look at the papers in the context of the times in which they were created.

Moebius syndrome is a rare congenital neurological disorder affecting two to 20 out of every million newborns. Patients suffer from total facial paralysis and often cannot even close their eyes or move them from side to side. Unable to smile, frown or otherwise express emotion, their everyday personal relationships are deeply affected. Even eating (chewing) is a problem. This memoir of a woman with Moebius syndrome provides a first-person view of life [behind the mask.]
