North and South is a social novel published in 1854 by English writer Elizabeth Gaskell. With *Wives and Daughters* (1865) and *Cranford* (1853), it is one of her best-known novels and was adapted for television three times (1966, 1975 and 2004). The latter version renewed interest in the novel and attracted a wider readership.

Mary, daughter of a trade unionist, is attracted to Henry Carson, son of a mill owner, but when Henry is murdered and Jem Wilson, Mary's admirer, becomes the chief suspect, she must reexamine her loyalties.

Margaret's safe existence is turned upside down when she has to move to the grim northern town of Milton. Not only does she have her eyes opened by the poverty and hardship she encounters there, but she is thrown into confusion by stern factory owner John Thornton - whose treatment of his

workers brings them into fierce opposition. As men and women, workers and masters come into violent conflict, it seems opposites can never meet. But do John and Margaret's power struggles hide deeper feelings? And, when it seems Margaret has lost everything, can she find the one thing she never expected?

North and South, Elizabeth Gaskell skillfully fuses individual feeling with social concern, and in Margaret Hale creates one of the most original heroines of Victorian literature.

When her father leaves the Church in a crisis of conscience, Margaret Hale is uprooted from her comfortable home in Hampshire to move with her family to the north of England. Initially repulsed by the ugliness of her new surroundings in the industrial town of Milton, Margaret becomes aware of the poverty and suffering of the local mill workers and develops a passionate sense of social justice. This is intensified by her tempestuous relationship with the mill-owner and self-made man, John Thornton, as their fierce opposition over his treatment of his employees masks a deeper attraction.

'"The curse—the curse!" I looked up in terror. In the great mirror opposite I saw myself, and right behind, another wicked, fearful self' An encounter with the supernatural in an everyday setting accentuates its strangeness; a truth used to eerie effect in Gaskell's Gothic tales. A portrait turned to the wall, a hidden manuscript, a mysterious child that lives on the freezing moors, a doppelganger formed by a woman's bitter curse: all of these things

hint at male tyranny and woman as avenging angel—or devil. Gaskell was fascinated by the dualities in women's lives and the way in which fact and fiction merge.

'Disappearances', a mix of gossip, legend and fact, relates stories of mysterious vanishings, 'Lois the Witch', based on an account of the Salem witch hunts, shows how sexual desire and jealousy lead to communal hysteria and persecution, while 'The Grey Woman' explores a common Gothic theme, the way in which the ghosts of the past always return to haunt us. This edition includes an introduction, chronology, explanatory notes
