Dominique Ehrhard has conceived a one of a kind work that will delight all ages.

Features 12 of New York City's most famous sites in a cut-paper, accordion-fold novelty item issued in a slipcase.

In 'The Incredible Paper Chase', Wally travels through amazing worlds of dinosaurs, soldiers, clowns and more. He leaves a tiny piece of paper to look for in every scene, and at the end of the book there are checklists with hundreds more things to find.

Rosie's new puppy is wiggly, waggly, wonderful. He loves to play, he loves to run and he loves Rosie best of all - you can tell by the way his tail is always wagging. Now all he needs is a name. What should Rosie call him?

Explores music produced during the lifetime of Duke Ellington and the pursuit of musicians to keep up with constantly changing modern life.

Where's Waldo? In the spotlight . . . somewhere! Now that the rest of the scene has gone dark, finding him is a spectacular new challenge. Just when you thought you'd mastered the art of finding Waldo, along comes a whole new twist to tracking him down! In an innovative, all-paper design that simulates a traveling spotlight beam, each scene is completely dark until the savvy reader slides a wand underneath to "light up" a small section. The trick is to carefully move the magic slider around until the right spot is revealed. Each of the six classic nighttime scenes contains Waldo and four other favorite characters to find, along with bonus hidden content and additional games on every page. With an
