on the path that many

in establishing their own

Why businesses should  
never underestimate the  
power of place. Today's  
business leaders are so  
obsessed with all things  
global and virtual that  
they risk neglecting the  
critical impact of physical

the Internet age: now that it's possible for businesses to be everywhere at once, they need to focus on what it means to be one specific place at a time. The best global brands, from IBM to McDonald's, are by design also the leading local brands. For instance, your decision to patronize Starbucks will depend on whether it's

Marketing experts John

from how to leverage
