Because chemistry is concerned first and foremost with chemical changes, we will proceed as quickly as possible to a study of chemical reactions (Chapters 3 and 4). However, before we can discuss reactions, we must consider some fundamental ideas about atoms and how they combine.!" The Early History of Chemistry Chemistry has been important since ancient times. The processing of natural ores ...

Chemistry is also apparently very important in determining a person ' s behavior. Various studies have shown that many personality disorders can be linked directly to imbalances of trace elements in the body. For example, studies on the inmates at Stateville Prison in Illinois have linked low cobalt levels with violent behavior. Lith- ium salts have been shown to be very effective in ...
