Pyramids is the seventh book in the award-winning comic fantasy Discworld series by Terry Pratchett. In Pyramids, you'll discover the tale of Teppic, a student at the Assassin's Guild of Ankh-Morpok and prince of the tiny kingdom of Djelibeybi, thrust into the role of pharaoh after his father's sudden death. It's bad enough being new on the job, but Teppic hasn't a clue as to what a pharaoh is supposed to do.

Set in the desert kingdom of Djelibeybi, *Pyramids* follows the adventures and, more often, misadventures of Teppic, a teenage pharaoh faced with a terror-filled world of mad high priests, sacred crocodiles, marching mummies and exploding pyramids.

'Look after the dead', said the priests, 'and the dead will look after you.' Wise words in all probability, but a tall order when, like Teppic, you have just become the pharaoh of a small and penniless country rather earlier than expected, and your treasury is unlikely to stretch to the building of a monumental pyramid to honour your dead father. He'd had the best education money could buy of course, but unfortunately the syllabus at the Assassin's Guild in Ankh-Morpork did not cover running a kingdom and basic financial acumen...

Join David and Leigh Eddings on a fascinating behind-the-scenes tour of the extensive background materials they compiled before beginning the masterpiece of epic fantasy unforgettably set down in *The Belgariad* and *The Malloreon* and their two companion volumes, *Belgarath the Sorcerer* and *Polgara the Sorceress*. Our tour stretches from the wealthy Empire of Tolnedra to the remote Isle of the Winds, from the mysterious mountains of Ulgoland to the forbidding reaches of darkest Malloreon. Along the way, you will meet old friends and enemies alike. Rare volumes will be opened to your eyes. Sacred holy books in which you may read the secrets of the Gods themselves and of their prophets. Scholarly histories of the rise and fall of empires from the Imperial Library at Tol Honeth. The profound mysteries of the *Malloreon Gospels*. *THE RIVAN CODEX* will enrich your understanding of all that has gone before . . . and whet your appetite for more spectacular adventures from this talented team.

~Vimes ran a practised eye over the assortment before him. It was the usual Ankh-Morpork mob in times of crisis; half of them were here to complain, a quarter of them were here to watch the other half, and the remainder were here to rob, importune or sell hotdogs to the rest. Insurrection is in the air in Ankh-Morpork. The Haves and Have-Nots are about to fall out all over again. Captain Sam Vimes of the city's ramshackle Night Watch is used to this. It's enough to drive a man to drink. Well, to drink more. But this time, something is different ~ the Have-Nots have found the key to a dormant, lethal weapon that even they don't fully understand, and they're about to unleash a campaign of terror on the city. Time for Captain Vimes to sober up.

drink. Well, to drink more. But this time, something is different - the Have-Nots have found the key to a dormant, lethal weapon that even they don't fully understand, and they're about to unleash a campaign of terror on the city. Time for Captain Vimes to sober up.

Terry Pratchett's profoundly irreverent, bestselling novels have garnered him a revered position in the halls of parody next to the likes of Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In *Equal Rites*, a dying wizard tries to pass on his powers to an eighth son of an eighth son, who is just at that moment being born. The fact that the son is actually a daughter is discovered just a little too late.

Terry Pratchett's profoundly irreverent novels are consistent number one bestsellers in England, where they have garnered him a revered position in the halls of parody next to Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In *The Light Fantastic* only one individual can save the world from a disastrous collision. Unfortunately, the hero happens to be the singularly inept wizard Rincewind, who was last seen falling off the edge of the world...

Things like crowns had a troublesome effect on clever folks; it was best to leave all the reigning to the kind of people whose eyebrows met in the middle. Three witches gathered on a lonely heath. A king cruelly murdered, his throne usurped by his ambitious cousin. A child heir and the crown of the kingdom, both missing... Witches don't have these kind of dynastic problems themselves - in fact, they don't have leaders. Granny Weatherwax was the most highly-regarded of the leaders they didn't have. But even she found that meddling in royal politics was a lot more complicated than certain playwrights would have you believe, particularly when the blood on your hands just won't wash off and you're facing a future with knives in it...

Dorian Hawkmoon, the last Duke of Koln, swore to destroy the Dark Empire of Granbretan. But after his defeat and capture at the hands of the vast forces of the Empire, Hawkmoon becomes a puppet, co-opted by his arch nemesis, the ruthless Baron Meliadus, to infiltrate the last stronghold of rebellion against Granbretan: the small but powerful city of the Kamarg. He has been implanted with a black jewel, through which the Dark Empire can control his every decision. But in the stronghold of the Kamarg, Hawkmoon discovers the power inside him to overcome any control, and his vengeance against the Dark Empire is filled with an unrelenting fury.
