You never know when somebody will hold you to your word ... Naz has enough darkness inside of him to rid the world of every stitch of light. But there's one he could never harm: Karissa. He taunts her with his touch, gets a thrill out of torturing her soul. But he's not the most dangerous one out there ...

Keely can't believe her own eyes. A new client introduced by her boss is the very person she yelled at over the phone the other day. She can't absolutely tell anyone about having screamed at this psychologist, Lachlan, on his radio show! Because of her own personal reason, marriage isn't part of her life plan and her goal is to be successful as a web designer. She's unsure if he knows about her, but he takes her out and seduces her. If she isn't careful, he may see through her soul.

Data Mining and Analytics provides a broad and interactive overview of a rapidly growing field. The exponentially increasing rate at which data is generated creates a corresponding need for professionals who can effectively handle its storage, analysis, and translation.

Living with stepsisters and having a bad history with female friends, Charlotte enjoys the easy relationships that come with managing an all-male band but things get complicated when dating becomes an issue, and she is urged to sing in public.

It's Brandon Wycroft's duty as the Earl of Stockport to catch the "Cat," a notorious thief who is stealing from rich local homes to feed the poor. Discovering that the Cat is a woman, he changes his plan of action— to a game of seduction! Mysterious and tempting, she teases him. And, as the net closes around the Cat, Brandon realizes he wants to protect her as well as bed her. But the only way to catch her is to spring the parson's mousetrap—and make her his countess!

Discover the art of kogin, a style of traditional Japanese sashiko embroidery with modern appeal. Historically, kogin was used as a pattern darning technique to reinforce threadbare fabric and add warmth to the clothing worn by farmers in the villages of northern Japan. With dozens of beautiful and simple geometric patterns, kogin embroidery offers fresh inspiration and authentic technique to proponents of the decorative mending movement. Colorful photos offer step-by-step instruction for learning this simple counted thread embroidery technique. Beginners will discover how to prepare the thread and fabric, how to read kogin charts, and how to make the basic straight stitches that comprise kogin motifs. Once you've mastered the basics, try your hand at one of the 25 adorable and easy projects included in the book. Featuring bright and modern color schemes, these accessories are designed for contemporary life. You'll find an assortment of pretty brooches, barrettes and hair ties, pouches and coin purses, framed samplers, pincushions, and ornaments, plus potholders, coasters, and placemats for the home. Once you get started stitching, we guarantee you won't be able to stop!

Assuming no prior knowledge, the second edition of Foundations of Economics introduces students to both microeconomic and macroeconomic principles. This is the ideal text for foundation degrees and non-specialist courses for first year undergraduates.

Although most people don't give security much attention until their personal or business systems are attacked, this thought-provoking anthology demonstrates that digital security is not only worth thinking about, it's also a fascinating topic. Criminals succeed by exercising enormous creativity, and those defending against them must do the same. Beautiful Security explores this challenging subject with insightful essays and analysis on topics that include: The underground economy for personal information: how it works, the relationships among criminals, and some of the new ways they pounce on their prey How social networking, cloud computing, and other popular trends help or hurt our online security How metrics, requirements gathering, design, and law can take security to a higher level The real, little-publicized history of PGP This book includes contributions from: Peiter "Mudge" Zatko Jim Stickley Elizabeth Nichols Chenxi Wang Ed Bellis Ben Edelman Phil Zimmermann and Jon Callas Kathy Wang Mark Curphey John McManus James Routh Randy V. Sabet Anton Chuvakin Grant Geyer and Brian Dunphy Peter Wayner Michael Wood and Fernando Francisco All royalties will be donated to the Internet Engineering Task Force (IETF).

Lovers to friends to lovers...could it get any more complicated?One thing Carissa Brandt knows: spontaneity always get her in trouble. Still, she's gone and jumped head first into an impulsive summer renovation project with her fingers crossed. When her contractor turns out to be a cheat, it seems her only lifeline is the proffered hand of Josh Hudson—the sexy Marine who left her aching for more than their single night together three years ago.Josh has two hard and fast rules: never mix business with pleasure and don't look twice at women his friends have dated, much less loved. It makes life in a small town simple—or it would, if he wasn't harboring a secret with the potential to destroy his good name and the reputation of a woman he can't get out of his head.When Carissa finds herself in a bind, Josh's integrity—both personal and professional—won't let her fail. Will working together finally extinguish the attraction lingering between them? Or will the smoldering embers of their passionate rendezvous ignite all over again and set aflame the friendships they cherish the most?Warning: This book contains a hella-sexy, inked up hero, a spunky heroine who isn't afraid to speak her mind, smokin' hot sex, and enough swearing to make your momma blush. For readers 18+.
